22 Follett Road  
Tiverton  
EX164HD

27<sup>th</sup> January 2014

Dear Sir

With ref to the Tiverton new neighbourhood at post hill developments.  
As a resident of 22 Follett road, our concern is the proposed use of item 18 sports and recreation area !. And item 11 Possible link, 'pedestrian access or vehicular access !.Our concern is car parking for people using the recreation area and organisations that have teams arriving by bus, where can they park.

Tidcombe lane road very narrow for additional traffic. Also extra traffic in Glebelands road would cause more problems for the residents.

As you should be aware there are already problems for the local bus to use this road .

After a study of your plans we cannot see alternative parking for use of recreation area on the new development.

Yours sincerely

M B Ashton
