Dear Sir

Re: TIVERTON EASTERN URBAN EXTENSION

I wish to register my concern for the proposed plans regarding the above mentioned, 1,500 new dwellings are far too many.

With yet another shop (in Gold Street) becoming a charity shop what can Tiverton offer ? - Very little !

It makes far more sense to site a new development at Junction 27 where drivers can get straight onto the M5 Motorway to get to Taunton, Exeter and beyond.

May I suggest future development plans for Tiverton should cover the natural growth of the town and not become a dormitory for other employment areas.

Please give this your urgent consideration

Yours faithfully
