Subject: Eastern Urban Area Proposals

Dear Sirs

Please note the contents of previous letters on this subject and again note our objections to development on the grounds of:

- Unproven need
- Valuable arable land lost forever
- Impact on the present environment
- Unacceptable increase in traffic use of Blundells Road
- Likely increase in flooding in certain areas as more land is absorbed
- Empty shops and units already in the Tiverton area

Yours faithfully

H D and S Webber
