Hope you don't mind the email but I couldn't get the portal to work.

Application : 13/01616/MOUT

Mrs Gillian Ware

I object

I object to this planning applications because

- 1) I think it is being rushed through and will undermine the Eastern Urban Extension consultation and if it goes ahead could make the infrastructure improvements too expensive for the EUE.
- 2) 330 dwellings is too dense for this area of land and is not in keeping with the surrounding area.
- 3) The increase in traffic from the 330 dwellings will put immense pressure on Blundells Road. The increase in traffic through Blundells school would be unsafe without traffic calming.
- 4) Uplowman Road is not suitable for entry to the site as it does not have footpaths. Although visibility for exit is quite good from this road.

The Golf course road is a lane with no footpaths and the visibility from this road is poor and would not cope with the quantity of traffic from this estate.
