Dear Sir

I must protest about your plan to put sports field to the east of Glebelands.

There are a lot of retired people living here with many past 70 years of age. We enjoy the peace and quiet and don't want it ruined by all the extra traffic that will come down Glebelands road and park. Glebelands road is congested now. Regardless of your proposed parking facilities at the sports field people will still come down here to park.

This is a quiet residential area. Put the sports field next to the new homes where it will be appreciated.

Finally, Tidcombe Lane simply cannot take any extra traffic and extra pollution will damage and kill off the fauna and flora on the Fen.

Please think again !!

Yours faithfully

Brian + Margaret Pope
