Dear Sir,

I am very against the huge development proposed off Blundells Road.

Blundells Road is a busy route, to increase the traffic will make it even more dangerous.

Tidecombe Lane is narrow and used by many drivers as a race track. Too narrow for a footpath putting pedestrians at risk.

Having playing fields at the end of Blundells Road will cause great congestion for the residents.

The proposed sports fields will result in noise for all local residents.

Yours sincerely,  
J. Russell
