Tiverton Eastern Urban Extension - Second Consultation

The Post Hill area to the east of Tiverton was allocated in 2010 for mixed residential and employment development. Initial consultation took place in May 2013 and a draft Masterplan has now been prepared for further consultation.

In order to take part in the consultation, please ensure you read the draft Masterplan or its summary brochure, available at www.middevon.gov.uk/masterplanning, and submit your response by 1 February 2014. Thank you for your time.

Employment development will be in the northwest of the site, north of Blundell's Road. The rest of the site (excluding large areas of open space) will be developed for housing, with a new primary school and neighbourhood centre located in the centre of the site adjoining Blundell's Road.

Do you believe these uses are being proposed in the right places?

Yes

No

Any other comments about the distribution of development?

No We do not need this development.
Farm hand is needed for food,
production.

The draft masterplan proposes around 1500 new homes, which is slightly below the adopted policy target. Housing density will vary across the site. Section 5.1 of the draft masterplan describes the different character areas across the site and the existing and proposed density of development.

Do you agree with the design approach set out?

Yes

No

Any other comments about the density of development?

No There is no need.
Farm hand is needed for food
production.

Tiverton Eastern Urban Extension - Second Consultation

The Council must ensure that infrastructure is provided in a timely fashion alongside the development, without making the development unviable. Pages 96-97 of the draft masterplan set out the trigger points for when infrastructure is expected to be delivered.

Do you agree with the trigger points suggested in the draft masterplan for the following key areas?

- Access and transport
- Education
- Community infrastructure
- Open space, recreation, play and green infrastructure

Any other comments about infrastructure delivery?

*No development needed in this area.
Farm land is for animal + crop production
for people.*

Do you have any other comments about the draft masterplan?

*There is no need for any development in this area
as this is high quality farmland for grazing animals,
growing crops, for to feed animals + people.
Local people will not be able to afford these properties.
It will be people outside the area, also causing people to
get into debt. Everyone is not destined to own their own home.*

Are you

- a) A statutory consultee (e.g. Town/Parish Council, Environment Agency)
- b) A community or special interest group (e.g. Civic Society, Campaign to Protect Rural England)
- c) A member of the public

Members of the public only - do you live...

- a) Within the boundary of the allocated site at Post Hill
- b) Elsewhere in Tiverton
- c) In Halberton
- d) Elsewhere in Mid Devon
- e) Outside Mid Devon
