1. Employment development will be in the northwest of the site, north of Blundell's Road. The rest of the site (excluding large areas of open space) will be developed for housing, with a new primary school and neighbourhood centre located in the centre of the site adjoining Blundell's Road. Do you believe these uses are being proposed in the right places?

Yes

2. The draft masterplan proposes around 1500 new homes, which is slightly below the adopted policy target. Housing density will vary across the site. Section 5.1 of the draft masterplan describes the different character areas across the site and the existing and proposed density of development. Do you agree with the design approach set out?

Yes

3. The Council must ensure that Infrastructure is provided in a timely fashion alongside the development, without making the development unviable. Pages 96-97 of the draft masterplan set out the trigger points for when Infrastructure is expected to be delivered. Do you agree with the trigger points suggested in the draft masterplan for the following key areas?

- Access and transport
- Education
- Community infrastructure
- Open space, recreation, play and green infrastructure

4. Do you have any other comments about the draft masterplan?

No Response

1. Are you

c) A member of the public

1. Members of the public only - do you live...

a) Within the boundary of the allocated site at Post Hill
