Sunday, August 18, 2013 1:13:15 PM**1. Amount and distribution of development - which option do you prefer and are there any alternatives we should consider?**

Option 1: Retain the current strategy, directing development towards the largest settlements that have existing shops, services and facilities

2. Housing - which option do you prefer and are there any alternative options we should consider?

Option 2: Reverse policies according to up-to-date and relevant evidence about matters such as housing need, demand and viability.

3. Employment - which option do you prefer and are there any alternative options we should consider?

Option 2: Follow the recommendations of the Employment Land Review, reducing the overall target for employment growth within use classes B1, B2 and B8 whilst encouraging the development of smaller sites.

4. Retail - which option do you prefer and are there any alternative options we should consider?

Option 1: Continue with a similar policy approach to the one previously adopted, which protects and enhances town centres, applying a sequential approach that directs development to the town centre first (in accordance with national policy) and provides for some retail growth in Tiverton in line with the Retail Study's recommendations.

5. Infrastructure - which option do you prefer and are there any alternative options we should consider?

Option 2: A greater number of smaller development allocations require minimal infrastructure within the site. The Community Infrastructure Levy is spent on all types of infrastructure in the local area

6. Environment - which option do you prefer and are there any alternative options we should consider?

Option 2: Replace the policy with a broader environmental strategy that sets out the principles underpinning more detailed policies on subjects such as landscape protection, flood prevention and heritage assets

7. Tiverton - which option do you prefer and are there alternative options we should consider?

Option 2: Identify new locations for long-term strategic growth in Tiverton, other than further expansion to the east.

8. Cullompton - which option do you prefer and are there any alternative options we should consider?

Option 2: Find an alternative growth option such as a different location for an urban extension, or multiple smaller sites around Cullompton, as long as highways infrastructure can be delivered

9. Crediton - which option do you prefer and are there any alternative options we should consider?

Option 2: Depending on up-to-date evidence of need, land availability, suitability and achievability, allocate sufficient land to meet development needs.

10. Bampton - which option do you prefer and are there any alternative options we should consider?

Option 2: Re-classify Bampton so its development status matches the designated villages in Mid Devon, where expansion may be more limited

11. Villages - which option do you prefer and are there any alternative options we should consider?

Option 1: Continue with current strategy but reassess which villages should be defined as settlements suitable for development

12. Managing Development - which option do you prefer and are there any alternative options we should consider?

Option 2 Amend the policies in response to any updates to national policy or guidance, and any lessons learned through the implementation of LP3 policies.
