1. Amount and distribution of development - which option do you prefer and are there any alternatives we should consider?

Other (please specify) - Look at it again in light of new thinking central government and economy. Decide what you want to be eg a tourist town based economy with agricultural mix Bearing in mind the pressure on world food supplies. An opportunity for tiv and devon.

2. Housing - which option do you prefer and are there any alternative options we should consider?

Option 2: Revise policies according to up-to-date and relevant evidence about matters such as housing need, demand and viability.

3. Employment - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Too many units vacant what type of an economic mix do we want???

4. Retail - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Need to keep lowviabile. Gives community feel. Again more independent retail outlets for tourism and diversity

5. Infrastructure - which option do you prefer and are there any alternative options we should consider?

Option 2: A greater number of smaller development allocations require minimal infrastructure within the site. The Community Infrastructure Levy is spent on all types of infrastructure in the local area.

6. Environment - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Prefer two but need to be more globally aware of food supplies. Again oppo for devon. Need to push for superfast broadband so business on an equal footing

7. Tiverton - which option do you prefer and are there alternative options we should consider?

Other (please specify) - Feel east should be left as the beautiful gateway it is. Expansion around villages to keep them viable. Bus exp around motorway junctions like taunton exeter and everyone else!!

8. Cullompton - which option do you prefer and are there any alternative options we should consider?

Option 2: Find an alternative growth option such as a different location for an urban extension, or multiple smaller sites around Cullompton, as long as highways infrastructure can be delivered.

9. Credlton - which option do you prefer and are there any alternative options we should consider?

Option 2: Depending on up-to-date evidence of need, land availability, suitability and achievability, allocate sufficient land to meet development needs

10. Bampton - which option do you prefer and are there any alternative options we should consider?

Option 1: Retain the strategy for Bampton as a town suitable for a moderate level of development, including both housing and employment development and a target of approximately 10 dwellings per year.

11. Villages - which option do you prefer and are there any alternative options we should consider?

Option 1: Continue with current strategy but reassess which villages should be defined as settlements suitable for development

12. Managing Development - which option do you prefer and are there any alternative options we should consider?

Option 2: Amend the policies in response to any updates to national policy or guidance, and any lessons learned through the implementation of LP3 policies
