1. Amount and distribution of development - which option do you prefer and are there any alternatives we should consider?

Other (please specify) - redevelopment of town centre to include more social housing and change of use to allow vacant retail sites to be developed into affordable housing . Encourage local social and affordable housing for local residents not for second home buyers spread out amongst existing villages

2. Housing - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Option 2 but for local populace not overall Westminster targets

3. Employment - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - improve transport links Not Roads, Re-Instate rail links to Exeter, Taunton and Barnstaple these would increase the flexibility of the workforce and would encourage tourism and infrastructure jobs leading on to more creative and diverse employment opportunities.

4. Retail - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - internet shopping is only going to get bigger it is time to Halt the development of large retail parks encourage market days using closed off thoroughfares for larger barrow market style encouraging local producers And revitalising existing shops with individual and diverse small business. Access is the key

5. Infrastructure - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Improve rail links foot paths and cycle paths then re assess which community infrastructure would be required for the local populace . Invest in public transport not road building, if the population can get access easily to existing infrastructure the requirement for new decreases

6. Environment - which option do you prefer and are there any alternative options we should consider?

Option 2 Replace the policy with a broader environmental strategy that sets out the principles underpinning more detailed policies on subjects such as landscape protection, flood prevention and heritage assets

7. Tiverton - which option do you prefer and are there alternative options we should consider?

Other (please specify) - Review and Identify correct numbers of local peoples requirements not Westminster rhetoric. Why is this size of development required ? and if it is why Tiverton why not closer to M5 ie Cullompton and Willand .

8. Cullompton - which option do you prefer and are there any alternative options we should consider?

Option 2. Find an alternative growth option such as a different location for an urban extension, or multiple smaller sites around Cullompton, as long as highways infrastructure can be delivered

9. Crediton - which option do you prefer and are there any alternative options we should consider?

Option 2. Depending on up-to-date evidence of need, land availability, suitability and achievability, allocate sufficient land to meet development needs.

10. Bampton - which option do you prefer and are there any alternative options we should consider?

Option 2: Re-classify Bampton so its development status matches the designated villages in Mid Devon, where expansion may be more limited.

11. Villages - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - assess the needs of the local village residents re affordable and social housing for local inhabitants not 2nd homeowners

12. Managing Development - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Review all policy and guidelines to up to date requirements which must be based on local inhabitants and not outside influences

13. What is your name? (Anonymous responses will not be registered)

Mr & Mrs Borland

14. Please provide your postal address (your response will not be registered without an address)

House name/number: - 25

Street: - Fairway
