Subject: Mid Devon Green Infrastructure Strategy

Dear Ms. Pickering,

Do the CCA fields in Cullompton come under this?

If they do I would like to see the paths improved for disabled access, especially the riverside path.

Cullompton has a large population of elderly and disabled people as well as young families and the CCA fields are the only 'countryside' within walking distance of Cullompton with a diversity of wildlife, sporting activities and play facilities.

Unfortunately the state of the paths make them difficult to access for motorised scooters and wheelchairs and very difficult for someone pushing a wheelchair.

Yours faithfully

Mrs. Jean Milne
