Dear Ms Pickering

## **Green Infrastructure Plan document**

The response from Bradninch Town Council is:

The document is laudable in its principles and would be good if properly implemented. It was felt that there were few specific targets and that financial constraints may mean that most of the ideas would not be feasible.

The Town Council were disappointed to be so far down the list of priority spending and would like to see more investment in the Charwell Meadow Wetland area. On the other hand the town benefits from small pockets of open space within the settlement area which the Town Council feel must be preserved as a 'lung' for the town.

Thank you for the opportunity to comment on the draft document and please inform the Town Council when the document is adopted.

Yours sincerely

Lorna J Knowles  
Clerk
