Dear Ms Pickering

Mid Devon Green Infrastructure Strategy – Public Consultation
Strategy to 2026 & Delivery Plan

Following our conversation yesterday morning, may I comment on the following?

Section 3

Page 17

How GI might be incorporated into a development (Illustrated example)

May I request that the following minor amendments be made to a couple of the 'balloon' labels on the illustration as referenced above?

**Please amend Footpath to Public Footpath
and
Disused railway footpath and wildlife corridor to Disused railway public footpath and
wildlife corridor**

The other point that occurred to me was that somewhere in the document the total length of Public Rights of Way in Mid Devon is given in miles; since metric measurements are used elsewhere in the document (hectares etc.) and to be in accord with the DCC Green Infrastructure Document (lengths of PROW's), the measurement should be in kilometres.

Yours sincerely

Mrs Joan Fagg
Footpath Officer, Tiverton Group Ramblers' Association
