

## Tiverton Eastern Urban Extension

The Post Hill area to the east of Tiverton was allocated in 2010 for mixed residential and employment development. The initial consultation on the Masterplanning of the urban extension is now underway and you have an opportunity to influence the design of the new development. The comments we receive will be used to inform the preparation of a draft Masterplan, with further consultation taking place before the Masterplan is adopted.

In order to take part in the first stage of consultation, please ensure you read the Options Report available at [www.middevon.gov.uk/masterplanning](http://www.middevon.gov.uk/masterplanning), and submit your response by 31st May 2013. Thank you for your time.

**Do you feel that the balance between employment and housing development is appropriate? If not, please explain.**

I find it difficult to judge if the balance is tight. How many firms will want to move there? How many units will be available?

**Do you have any comments on the vision within the Options Report?**

No

**The masterplan will need to take account of and enhance natural/environmental features of the site and its surroundings. Are there existing environmental features you would particularly like to be protected or enhanced?**

40/3704

## Tiverton Eastern Urban Extension

How do you think the energy needs of the development should be met? Do you support the inclusion of an energy centre and district heating scheme?

New houses must include sources of energy other than conventional ones.

The development will increase traffic. How should this be dealt with and where should the new highway junction to the A361 North Devon Link Road be located? How should the traffic calming and environmental enhancement of Blundell's Road take place? When should highway improvements be provided?

Good public transport must be included to minimise the impact on roads. But also enough parking spaces on the new development.

The residential element will provide a range of housing types and affordability. What types of housing would you like to see? Where should it be located?

In the light of benefit cuts I think it is essential to provide a good number of social housing (Council housing).

The urban extension proposes employment floorspace. What types of employment should this include and where should it be located?

It should be a type of mixed employment opportunities in and around Tiverton, not just on the new development.

## Tiverton Eastern Urban Extension

The masterplan will provide major areas of green and recreational space. What should this include?

Allotments.

The local centre is proposed to include local shopping facilities, a community hall and provision for children and youth facilities. Where should it be located? Are there any community facilities or other services you would like to see in the local centre?

It is essential to provide enough facilities for young people, easily accessible and properly funded.

Please comment on the two emerging development options. Of the two options put forward, do you have a preference?

No

Overall, do you agree with the proposed scope and content of the proposed masterplan document as shown on page 24 of the Options Report?

No. I feel it would make more sense to have a new development near the College.

## Tiverton Eastern Urban Extension

**Do you have any other comments to make on the proposed masterplan document?**

**Are you**

- a) A statutory consultee (e.g. Town/Parish Council, Environment Agency)
- b) A community or special interest group (e.g. Civic Society, Campaign to Protect Rural England)
- c) A member of the public

# Tiverton Eastern Urban Extension

## Members of the public only - do you live...

- a) Within the boundary of the allocated site at Post Hill
- b) Elsewhere in Tiverton
- c) In Halberton
- d) Elsewhere in Mid Devon
- e) Outside Mid Devon
