Subject: Eastern Urban Extension Masterplanning Consultation

Dear Sir/Madam, I would like to express my objection to the traffic consultant's recommendation that all traffic from the proposed EUE development could be routed along Blundell's Road to Horsdon Roundabout.

The traffic situation at Horsdon is already at unacceptable levels in terms of noise and pollution and vibration from heavy goods vehicles and farm vehicles must be having a derogatory affect on the properties in the area. This is somewhat outweighed by the added danger such a proposal would mean to pupils and staff at Blundell's School.

I find the recommendation extremely patronising given that the consultation obviously didn't take into consideration local residents and the schools opinions despite being widely known.

I write representing the residents of Horsdon Terrace who, amongst fellow residents, are more than ready to take action to ensure that all any development only proceeds after infrastructure, in terms of access roads, is in place.

Jamie Barker
