15/00187/FULL	Brick House Silver Park Kentisbeare Cullompton Devon EX15 2BW	Erection of 2 dwellings	REFUSE	DEL	13/07/2015

### Reasons

In accordance with the requirements of Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015, in determining this application the Local Planning Authority has worked proactively and positively with the applicant to ensure that all relevant planning considerations have been properly resolved. This has included discussions and negotiations. In accordance with paragraph 69 of the National Planning Policy Framework, the Local Planning Authority has also involved the community in the consideration of this application.

### Reasons

- 1 In the opinion of the Local Planning Authority it is considered that the creation of two detached dwellings on the edge of a cul-de-sac of semi-detached properties fails to show a clear understanding of the characteristics of the site, its wider context and the surrounding area and in conjunction with the loss of a beech tree which is in prominent view on the street scene, the proposed scheme fails to provide high quality local places taking into account physical context and local character and is considered to be contrary to policies DM2 (a) and DM14 (a) of the Local Plan Part 3 (Development Management Policies).
- 2 In the opinion of the Local Planning Authority, the proposed development would be likely to result in undue overlooking and overbearing impact for the occupants of No 2 Parsons Close, Brick House and Westfield View. The proposal is contrary to DM2 (e) and DM14 (b) of the Local Plan Part 3 (Development Management Policies).

The tree is close to a new build dwelling and within the garden of this property. However the tree is causing no specific harm to the dwelling or the surrounding garden area. The tree is serving to soften a new development and is an important feature of the street scene. It has good landscape value. In the opinion of the Local Planning Authority, sufficient arboricultural justification has not been provided for the tree's removal. The loss of the tree is considered to harm the visual amenity to the area to an unacceptable degree.

#### Conditions

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
- 2 The development hereby permitted shall be carried out in accordance with the approved plans listed in the schedule on the decision notice.

#### Reasons

- 1 In accordance with the provisions of Section 51 of the Planning and Compulsory Purchase Act 2004.
- 2 For the avoidance of doubt and in the interests of proper planning.

#### Reasons

The application scheme for the erection of extensions to an existing cubical livestock shed is considered to be acceptable. The proposed extensions are required to provide space for the holding's beef calves that will be retained on the holding for a longer period of time than the current facilities allow. The additional space will enable them to be housed with satisfactory space in accordance with European Welfare Guidance. The building is of a standard agricultural design and although it is of a large scale, its siting is well related to the other buildings on the holding and it is not therefore considered that the development would harm the character and appearance of the area. Furthermore, the building would be situated a sufficient distance from nearby dwellings such that it would not be considered that there would be any adverse impacts on the living conditions of local residents. The development is not considered to have an adverse impact on the environment or the local road network. Given this assessment the development is considered to comply with the following policies: COR2 and COR18 of the Mid Devon Core Strategy, DM1, DM2 and DM22 of the Local Plan Part 3 and Part 3 of the National Planning Policy Framework.

#### Reasons

In accordance with the requirements of Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015, in determining this application the Local Planning Authority has worked proactively and positively with the applicant to ensure that all relevant planning considerations have been properly resolved. ------------	---------	----------	----------	---------------	---------------

**Reasons**

- 1 In the opinion of the Local Planning Authority, insufficient information has been provided to demonstrate that the proposed building is reasonably necessary to support farming activity on the holding. The proposed agricultural building is large for the size of the associated land (approximately 2 acres) and from the submitted Design and Access Statement, equipment seen on the land during the site visit and the apparent lack of active agricultural activities, it is considered that the building is not required to store machinery reasonably necessary for agriculture on the site. Therefore the proposed building is not compliant with COR18 of the Mid Devon Core Strategy (Local Plan Part 1), DM22 of the Mid Devon Local Plan Part3, and the National Planning Policy Framework.

**Reasons**

The application seeks planning permission for the erection of two poultry buildings on an established agricultural holding where there are other existing poultry buildings. The proposals will be grouped with other agricultural buildings, and will sit comfortably within the landscape without having any adverse impacts upon the rural character or appearance of the surrounding area. The proposals will not have any materially adverse impacts on the amenities of occupiers of nearby properties, due to the distance from the properties, the existence of a poultry building on the site already and a waste management plan to control the removal, storage and spreading of waste. The development would not have any detrimental impacts on the safety of the surrounding highway network as the proposal will not create any further issues than are already the case with the existing poultry buildings. The proposal is considered to be in accordance with policy COR18 of the Core Strategy, policies DM2 and DM22 of the Mid Devon Local Plan Part 3, policy AL/IN/6 of the Allocations and Infrastructure Development Plan Document and the National Planning Policy Framework.
