2	Jun 28, 2015 6:11 PM	Play park is perfect for small kids and parents in conifer close. It has never been a concern	
3	Jun 28, 2015 6:08 PM	A small play area such as this does not require much attention from the council. Very young children use this park safely and enjoy the 2 peices of equipment. To close it would be penalising small children who only need access to a park on their doorstep. This park has served the cul de sac for 30 years and would be surely missed by families would want to use it in the future. Don't be so ruthless and compromise the enjoyment and activity of the young children by ridding such a family area of a well used play park.	
4	Jun 24, 2015 8:53 PM	This play area is very low maintenance and serves a small cul de sac of residents with young children. To retain this area, would mean it be of minimal cost to the council due the play area being Tarmac and 2 pieces of equipment. The area is safe and frequently used, on a daily basis. If totally honest, The council have not maintained this for at least the past 6 years and it has been cared for largely by residents. I see no reason why that should change. Nor should retaining this cause any additional cost to the council as they do nothing to maintain it present anyway.
