1	Jul 3, 2015 9:50 AM	This play area is very important to us as it is a safe distance for my children to go to on their own I can see the park from my home so I feel they are safe. The park is also well fenced in which provides extra safety. The park is in a central area where all the children can meet up and play together. As in this housing estate which is mainly young families who live next to the park it is very important as our gardens are very small for the children to be able to all play together. The park may only have 2 play equipment pieces in it a slide and climbing frame but this actually promotes better social skills for the children in sharing and actually make up games rather than relying on the material products to play with. (also lower maintenance for the council).
