Dear Sir

I write in support of the proposal to allocate a section of land next to CVICH for use as a Community Health Garden in the current planning.

Please add your own comments:

Gardening has so many therapeutic qualities for both mind and physical wellbeing. It has no age barrier and brings young + old together. I feel that this is such a worthy project, please let it be accepted. Not only that, Prince Charles would love to see it when he next visits the Culm Valley surgery!
