Q1: 1. The proposed masterplan document sets out a series of guiding principles which should be followed in drawing up detailed planning applications. These guiding principles are set out in pages 34-39 of the draft masterplan and relate to urban design, movement and transport, landscape, open space and recreation, socially equitable, economy and employment, energy and resource efficiency and character. Do you agree with the proposed guiding principles as set out?

Yes

Q2: 2. The proposed masterplan envisages 1100 houses, 10,000 sq metres employment floorspace, a primary school, community centre, local centre, at least 5 gypsy and travellers pitches and more than 28 hectares of green infrastructure including sports pitches, equipped play areas and allotments.

Yes/No

Do you agree with the proposed uses?

Yes

Do you agree with the location of the proposed uses as set out in the framework plan on page 43 of the draft document?

Yes

Q3: 3. The Council must ensure that infrastructure is provided in a timely manner alongside the development, without making the development unviable. Of the infrastructure that the development is expected to provide, the masterplan looks to prioritise the delivery of the primary school site and the new road that will link Willand Road with Tiverton Road. Do you agree with the prioritisation of the primary school and the road?

Yes

Q4: 4. In order to reduce the time taken to build the road linking Willand Road with Tiverton Road it is proposed to construct it from both ends at the same time and then join these ends together. This will require the formation of a temporary vehicular access from St George's View which would be closed to traffic when the through road opens.

	Yes/No
Do you agree with the proposed way of constructing the road from both ends at the same time?	Yes
Do you agree with the opening of a temporary vehicular access from St George's View?	No
Do you have any comments about the delivery or construction of the road?	I don't agree with using st georges view as a temporary access. I think it would cause a lot of stress and worry to the residents. It would be dangerous and noisy due to the heavy traffic. Also the oak tree at end of the rd should be left alone.

Q5: 5. The proposed masterplan sets out on page 71 trigger points for when infrastructure is expected to be delivered. Do you agree with the trigger points suggested in the draft masterplan for the following key areas?

	Yes/No
Access and transport	Yes
Education	Yes
Community building	Yes
Employment	Yes
Local centre	Yes
Green infrastructure	Yes
Gypsy and traveller pitches	Yes
Do you have any comments about infrastructure delivery?	It is very important to leave as much space as possible for nature and wildlife. Also this would help to minimise the impact of flooding.
