To. Forward Planning
Mtg Devon District
Council.

Dear Sir, after studying your
master plan for building north
west I notice that it is
planned to use St. George's View
as an access road for the
building of the houses:

I strongly protest at the use of
this road for that purpose as it
would be dangerous and
impossible on such a narrow
residential road.

Also there is a beautiful oak tree
with a preservation order which
blocks the entrance to the building
site. Surely this must be
acknowledged and preserved.
So it is essential for you to find
a new access road for the building
site.

Yours

(MRS. H. E. CHAPMAN)
