Dear Colleague

Thank you for consulting the Heart of the South West Local Economic Partnership (LEP) on your masterplan for North West Cullompton. We are responding to this consultation on behalf of the LEP, as Somerset County Council is leading on the place theme work for the LEP.

The LEP's Strategic Economic Plan (SEP) sets out priorities for growth for the sub-region, including "maximising productivity and employment opportunities", particularly through promoting enterprise infrastructure and strategic employment sites to create more and better employment. We note that much of our employment/housing growth is anticipated to be in such strategic sites that can bring together the ingredients for growth. As such, the LEP supports the delivery of growth opportunities in this urban extension and is happy to engage further on the development on these sites.

We wish you well for the next stages in the development of your masterplan. Please do get in touch if you would like to discuss any of these comments further.

Yours sincerely,
Sarah Povall (on behalf of Paul Hickson, LEP lead of 'Place')
