Dear Sirs

**PROPOSED USE OF ST GEORGES VIEW, CULLOMPTON AS
TEMPORARY ACCESS ROAD TO NEW ESTATE**

I am very much against this proposed access road. My parents live at the top of St Georges View and they regularly look after my son whilst I work.

I am concerned about how I will obtain access to their property to drop my son off and collect him when the road may be impassable with heavy construction vehicles, diggers etc. This is only a relatively small road anyway. If the road is ever closed off to general vehicles then I would have to walk my 20 month old son up the road avoiding heavy construction vehicles, noise, chaos and mess!

The felling of the old oak trees at the end of the road is really disappointing too. Surely these are protected trees and should be left alone. The impact of the trees being felled and all the building works is upsetting – bearing in mind that the field in question is home to badgers and bats amongst other animals.

Surely there is another solution whereby St Georges View is not used as a temporary access for three years !

Yours faithfully

Lauren Clarke.
