just saw a lady putting up your signs in our street , i live at 25 Arnold Crescent, Tiverton ex165pj, the lady pointed out the land adjacent to my house could be considered for development, i have looked through your website and scrolled through the information, if it is the land it says 15 dwellings ?.This almost seems impossible to me, it doesnt seem to be nowhere near big enough!. But that aside, we have had trouble from the covert flooding on this land on a few occasions, there is hardly enough car parking space up here now, most of us park along the roadside already, would not be able to place cars from another 15 dwellings .

yours sincerely mrs a peggram
