Subject: The planned intrusion of new homes that would surround the village of Silverton!

Dear Sirs, As residents of Silverton my wife and I would want our objection to the planned new homes that will smother the countryside and eventually completely surround this ancient village put into the public record.

There has been extensive building in and around Silverton over the years leaving little, if any, room for more. If one were to investigate the Silverton 'Homes for sale' market one would find a considerable number awaiting for a buyer1

Needless to say the tiny post office isn't geared for an influx of hundreds more customers. The school is at capacity, country roads some actually no more than tracks absolutely can't handle more traffic. The tiny 'convenience store' situated in the village wouldn't be able to handle any more patronage in the village.

If a poll were to be taken of villagers on the subject of this intrusion into our lives I could safely guarantee the greater majority would vote a resounding NO!

Mr. & Mrs. John E. Reaser, Exelands, Park Road, Silverton, Devon EX5 4JJ
