Silverton Local Plan Review

We strongly object to the proposed developments at Silverton which we consider excessive .

Having lived at Silverton for many years we have seen a considerable number of housing developments ie @Applemeade ,Silverdale ,Prispen House ,Wyndham Road and Hederman Close . to name some of the largest. Otherwise there have been many smaller developments and the parking problems are already serious .Safety is allrady of concern particulary around the centre of the village with inadequate or no pavements. There are oportunities already in the village for infilling and we must point out that the old village hall site has been derelect for many years Only modest small scale developments should be allowed and a new settlement should be considered at Cullompton which we understand is an option being considered.

With thanks Mr @Mrs J.V.Swain Wayside Tiverton Road Silverton
