I strongly oppose the building of anymore houses in Silverton. The village has not the infrastructure to allow this to happen.

As for "affordable" housing a case in point is at Seaton, where agreement to allow land for a Tesco store, was that there were to be "affordable" houses on the site. Builders are refusing to build "affordable" houses because there is no profit to be made on them. A BBC report has found there is no legal requirement for them to do so.

I support option 2.B. A new settlement near Cullompton near the M5 where all the necessary amenities can be built with the houses.

Yours faithfully
