Expires: 14 September 2014 00:00

I am totally against the plan for the following reasons.

1. It would destroy good farmland which is badly needed to reduce the country's reliance on imports.
2. The size of the proposed development would dwarf Willand bearing in mind new homes are smaller and only have "postage stamp" size gardens.
3. Land that was previously agreed for development has still not been utilised.
