Subject: Local plan review - objection to further building in Coplestone

I would like to support the Parish Council's objection to further residential housing on the three proposed sites in Coplestone that I understand form part of the Local Plan Review.

Firstly, the scale of the proposal is totally out of proportion to the current village size. The village has grown significantly in the last decade and further growth will remove the village charm. There are few employment opportunities in the village and crime is increasing.

Secondly, the balance of period housing to new housing would be totally transformed for the worse. The period properties (Victorian and thatched cottages) would be further smothered by new builds.

Kind regards,

Michael Powell
