

Acc 161/4100

Dear Sir or Madam -

I would like to add my name to all those who in our village of Copplestone who are very much opposed to further development in the fields round and about Copplestone, we fear the extra influx of people will cause water problems and school - also our medical facilities at B&W and Crediton will be stretched to their limit.

The number of people who were opposed to any more building who turned up at the meeting said it all.

Yours faithfully
