Subject: **Proposed Hemyock land plan**

Dear Sir/Madam

I am writing to place an objection to the proposed plan to build more houses at Culmbridge Farm (2 sites) and on the Culmstock road in Hemyock Parish.

My objection is due to many reasons including :

The Doctors surgery is already running at almost full capacity and will be unable to cope with new patients.

The Sewage is already under pressure and overflows at Longmead, Hemyock.

The school has limited infrastructure to take more children.

Already the roads are unable to cope with traffic in Hemyock - it would just be a nightmare if we had to deal with more traffic.

Car parking is also an issue at present - which will only get worse if the village expanded

I would like my objections registered as valid reasons for any plans to be withdrawn for more houses in the Hemyock parish

Yours truly,
Patricia Cowie
44 Prowses,
