Subject: Local Houses to be built in Chawleigh

I was present at a local Meeting the other day in the Village Hall in Chawleigh and we were asked for our views before 24 March 2014.

1. We need housing for local people which they can afford and buy 100%, they are not keen on this 80% idea. We need at least 2 bedroomed houses, but built with eco friendly ideas – i.e. shower savers, double glazing, solar panels etc. Not just something the builder is going to make money with. Areas for young children to play, off the main road, and room for people to grow vegetables. Not executive housing!
2. We do not have a main stream school now in Chawleigh, and I hear Chulmleigh is full – so that is a problem, also the roads will not take much more traffic, a lot around here are very narrow. Also can the Doctors in Chulmleigh take on more people on their books?
3. What happened to the Council Houses – I understand the money that was made by selling some of the old stock would be invested in Housing? Has that happened? If not what happened to the money? Council Housing is for local people and should remain so, not a money making scheme for some as it has been.
4. Very happy to help if I can, I was a District Councillor in North Norfolk some years ago. Another idea would be to build suitable housing for the elderly, therefore freeing up some of the other houses.

I live at No 2 Chestnut Court, Chawleigh EX18 7HH, and my email address is rosemary.misselbrook@tiviston.com. I look forward to hearing from someone in regard to the above.
