The objections to the planning consultations at Bowdens Lane.

It contravenes Mid Devons Planning Policy S14

The current road at Bowdens Lane is too narrow & would have to be twice as wide plus footpaths which would be impossible between the existing properties.

With 51 new properties the amount of cars etc using the road would be at the least trebled making it a hazard for pedestrians using it.

The owner of Four Ponds was refused permission to build a dwelling on his property.

And would very <sup>hard</sup> make the Village Hall car park any larger than already is
