Dear Sirs

I have been away so  
missed the meeting on 6<sup>th</sup> March  
re information up to then.

I am now waiting to  
put in a bid to Reduce  
the numbers.

One lot of 80 proposed  
houses is on a flood plain;  
another is higher, but all their  
run off water will go straight

to the flood plain -

As a ~~community~~ in the village  
are at bursting point,  
ie the Surgery and the  
School. Both say they  
cannot cope with such  
numbers - As for the  
expected extra 600 cars  
on the narrow winding  
lane that are at capacity  
now - it fills me with  
horror.

I hope a big rethink  
will happen

Yours sincerely

Deirdre James
