I own a house in 22 Tytheing Close, and by this e-mail I am in totally in disagreement with the plan to build 150 houses, as I will have a visual impact direct over my property , it wil have a direct visual impact to the light from my front garden , also its privacy., and the views will be totally spoiled.
I am very worry about the impact of the road safety which at the moment is being a problem as people use to take and pick up their children from the school, which have affect me directly , being late for my work, as they park without any consideration, and affects health and safety during the school term. New houses will multiply this problem.
By this e-mail I want to OBJECT to this development plan around

my property 22 Tytheing Close, Newton St Cyres, EX5 5DB
