Subject: Witheridge Local Plan Chapter - Proposed Allocation of land for Sports Field

Hello Liz,

I have spoken with the Chairman and been advised to submit the site (map attached outlined yellow) given the previous parish council meeting discussions.

As I understand it the landowner of both sites (Mr Geoffrey Cox of Cannington Farm, Witheridge) has offered this land towards open space contribution associated with land being allocated within Witheridge for housing (outlined blue). The council would see this land being made ready for use as a sports field in conjunction with the expected housing development proposal when it comes forward.

As and when DCC give notice to terminate the license of approx. 1/3rd of the existing recreation field (to the rear of the Primary School) to expand the school provision, it is anticipated the football club would move to the new site and the remainder revert to a recreation ground.

If you have any queries please let me know.

Regards

Pete

Witheridge Parish Council
