Please throw out the J27 plan.

This suggested development of Junction 27 of the M5 motorway will threaten not only our countryside, but also local jobs and businesses.

The local economy needs to support our small businesses with superfast broadband, capital investment and apprenticeship schemes. All of this will lead to real growth, skilled jobs and pride in our area.

We do NOT need an out of town business and retail park, which will pocket AXA millions of £££s, leaving us with boarded up high streets, congestion, air pollution and poorly paid jobs with no future.

Protect Uffculme and Willand - say NO to Junction 27 Plan.

Yours sincerely  
Angela Cheshire  
15 Fore Street  
Uffculme
