**Re: Proposed development at junction 27/ Willand.**

Dear Sirs,

I am writing to object strongly to the proposed planning application reference above my first objection is the amount of houses proposed. It is ridiculous to think that Willands' infrastructure, schools, doctors, etc. can cope with that amount. My second objection is the fact that Willand already has enough industrial units. If the proposed "Leisure complex" goes ahead we are in danger of turning Willand into the southwest's "Slough" and no one wants that for Devon.

Yours faithfully,

A handwritten signature in blue ink, appearing to read "S. P. Taylor".
