**Subject:** land off Bowdens Lane Sillingford

Dear sir/madam

I would like to raise my objection to the above piece of ground being proposed for development of 51 houses, Shillingford is a small hamlet with very little infrastructure and to increase the size by this amount would change the area greatly, the road to access is a small country lane which could not accommodate the new volume of traffic which inevitably arise. This land is a green field site which as well as the loss to agriculture is also a home for wildlife.

yours sincerely Karen Hole.
