Ref. Sites for additional housing in the country.

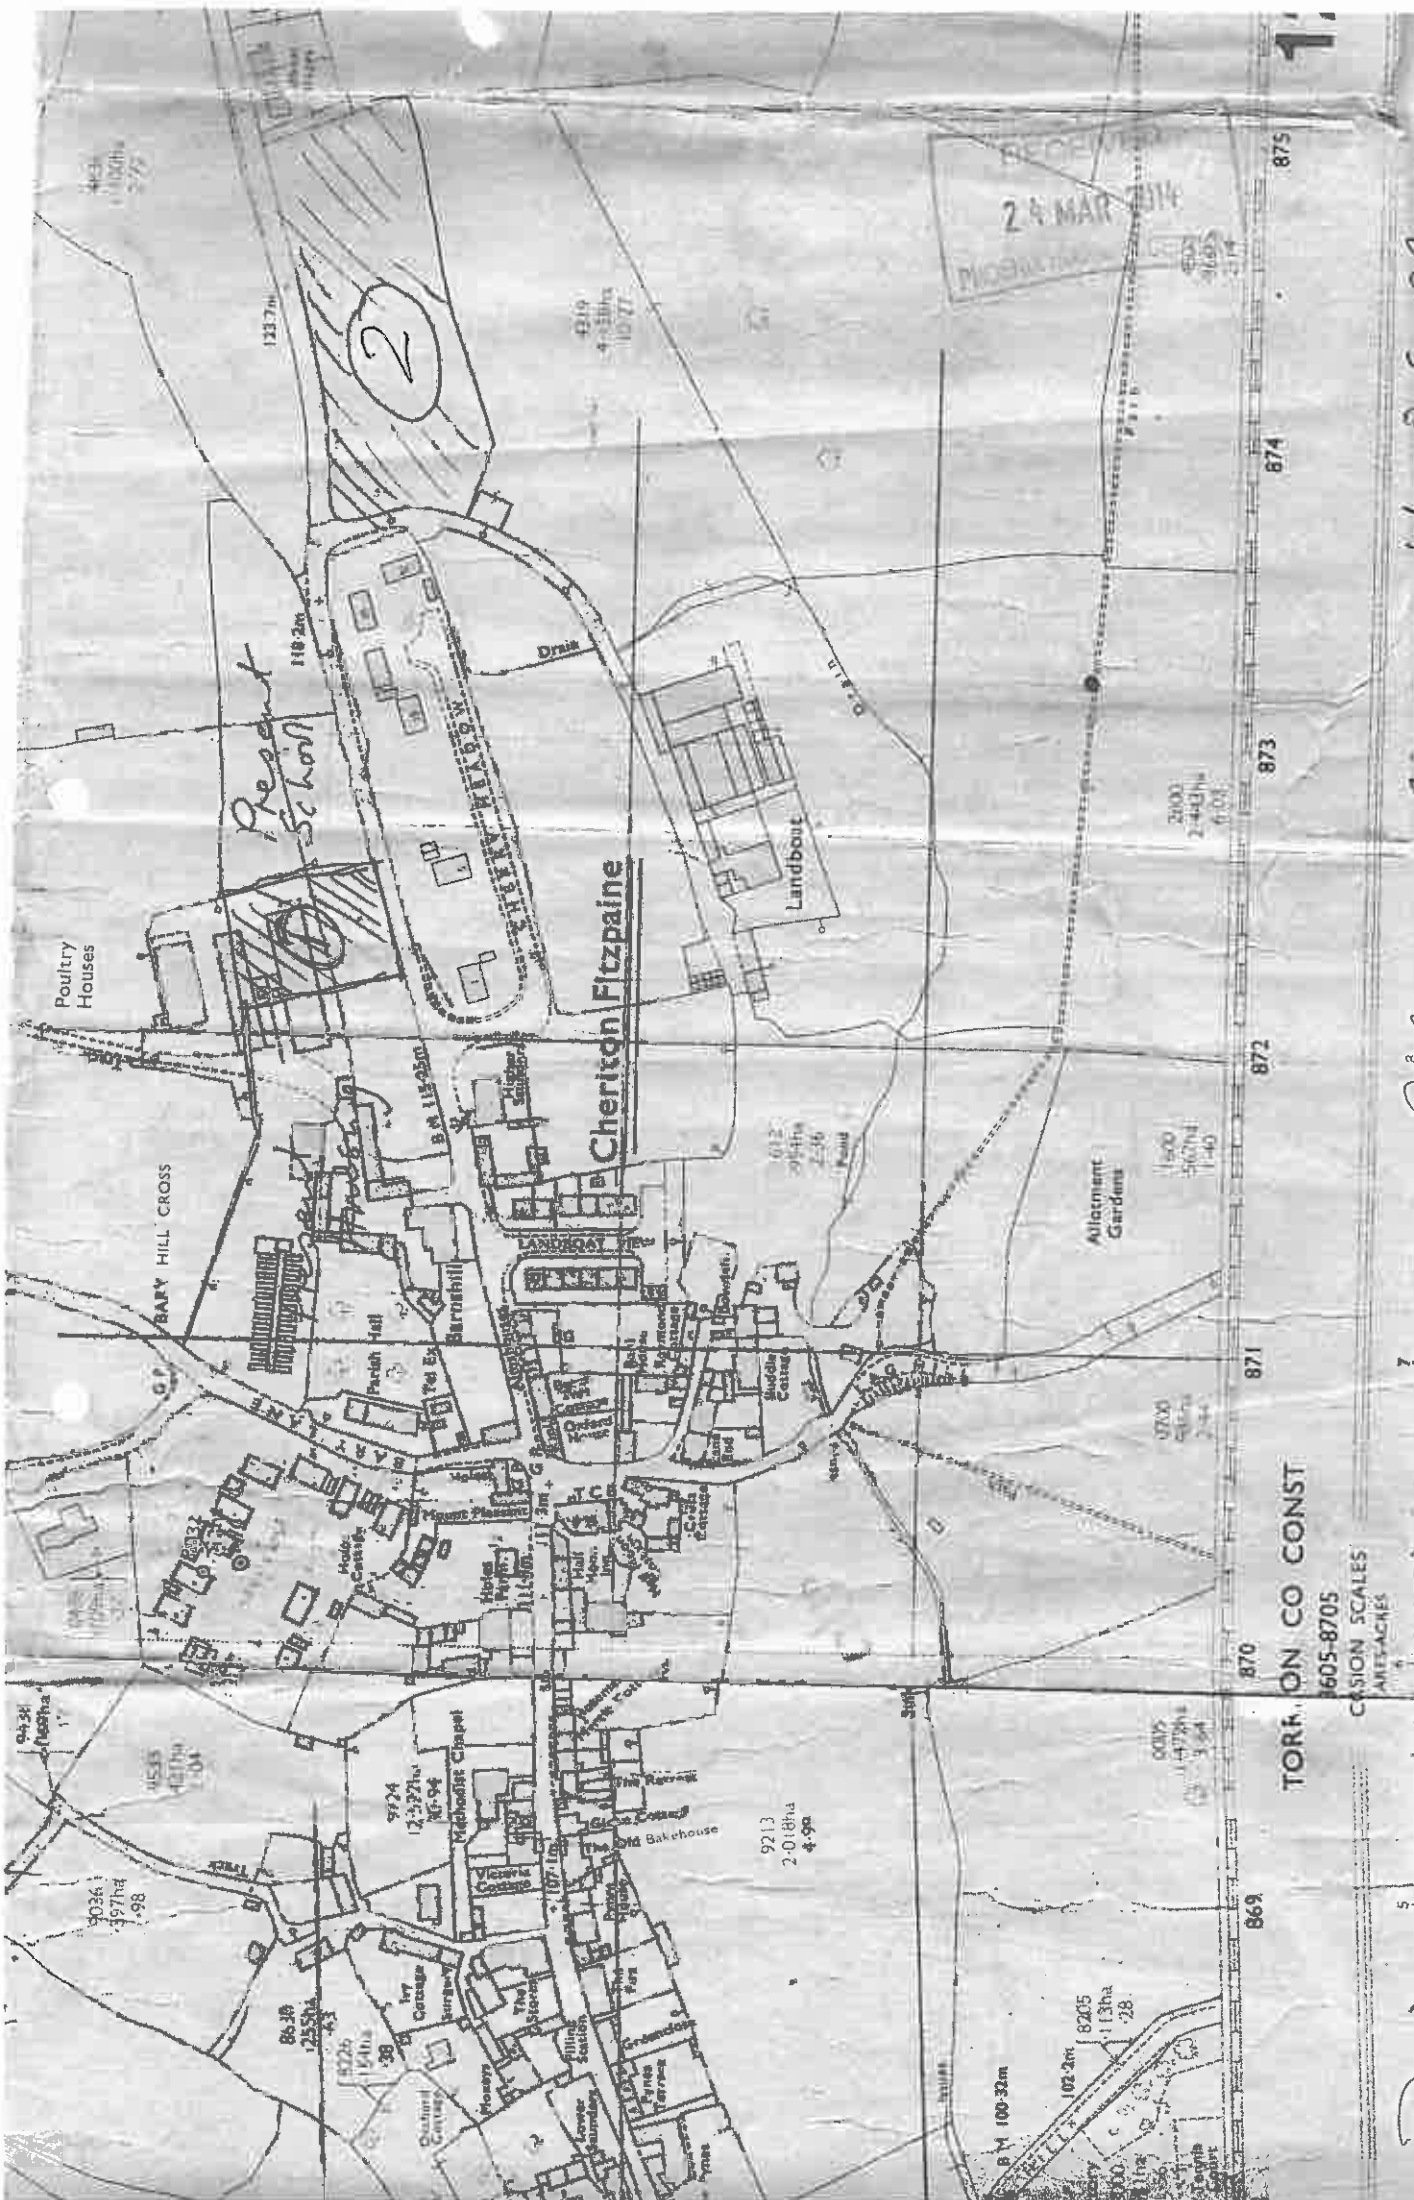

Dear Sirs, with regard to your consultative document identifying possible sites we would suggest two sites within the Village of Cheriton Fitzpaine that would be ideally suited.

- ① B Land between existing Housing & the Present School. set aside for a village hall but no target needed.
- ② Land between White Cross & C. Fitzpaine at Land Boat Farm.

Limited low cost housing for first time buyers is urgently needed in the S. West.

Cheriton Fitzpaine is ideally suited to provide this with adequate school facilities a shop that needs additional custom two Churches and a Public House, Parish Hall, Football club and many other organisations that will serve the new dwellings. A condition in granting permission should be that the roads to the main road should be improved with additional passing places - that the houses should be well designed with a mix of sizes & costs.

Yours faithfully,

Photocopy of an old O.S. Map  
of the village.

David & Jan Thom.
