20th March 2014

Dear Sir,

Local Plan Review

Following the public meeting held in St Mary's church, Silverton on 25th February, I would like to make the following observations.

Some additional housing will be needed in the future to allow Silverton to retain young people. Without this the village will not continue to thrive. However large scale development would ruin the character of this historic village and and put its services under great strain. Parking is already a problem and the village streets are narrow.

Option 2B, the development of a new settlement near Junction 28 at Cullompton seems to me to be the sensible option. Cullompton Town Council supports it and the site would have the bonus of access to the motorway and the shops and services of the town. It could also provide a much needed boost to the prosperity of the town.

Yours faithfully,

Joanna Maxwell-Hyslop
