Planning Officer,
Mid Devon Council.

Dear Sir/Madam,

Proposed development - J27 - M5 motorway.

I wish to object most strongly to this particular proposal. I cannot understand the rationale that has ~~been~~ ^{been thought of} would be suitable for J27 which is regarded by all as the true gateway to north & south Devon. "great for families" - the main holiday season is for one month, ie August. People come on holiday here to "get away from it all" & enjoy our beautiful County - or what is left of it. We have adequate facilities in our nearby towns & villages, large supermarkets, a vibrant market at Tiverton, prize winning butchers etc. etc. & we do not need such a large number of new houses in

the proposed rebuild - at present a lovely wooded & rural area. There is a new town being built near Exeter - have all the properties been sold? I don't think so.

This plan is simply about making money for developers without thought as to what we would be losing. Please DO NOT ALLOW IT.

Sincerely,

Q

(Mrs)
