Mr S Reed

Dear Sir

I am strongly opposed to  
The new proposed development at  
Locomond. I understand that  
There will also be 'affordable housing'.

Oxford has little to offer those  
who are not earning a good salary  
as there ~~is~~ we no longer have a shop  
and a car becomes essential, which is  
an additional expense. The same  
situation applies to the elderly, if they  
can no longer drive they will be obliged  
to take taxis to the doctors surgery,  
dentist etc., etc., More expense.

There are vacant properties in  
Oxford already which would indicate  
that it is not an ideal situation.

Some time ago a small family in  
benefit rented a cottage + took taxis  
to appointments, one week I undertand

it cost \$80.00. <sup>again</sup> not an ideal situation.

The outvance. is not ideal, when  
a id permission is granted, there will be  
enough traffic already going through  
Oakland.
