

901 / 4703
Mrs P Noble

Dear Sir

I am strongly opposed to
The new proposed development at
Loccumond. I understand that
There will also be 'affordable housing'.

Oxford has little to offer those
who are not earning a good salary
as there are no longer have a shop
and a car becomes essential, which is
an additional expense. The same
situation applies to the elderly, if they
can no longer drive they will be obliged
to take taxis to the doctors surgery,
dentist etc., etc., More expense.

There are vacant properties in
Oxford already which would indicate
that it is not an ideal situation.

Some time ago a small family in
benefits rented a cottage + took taxis
to appointments, on week 1 undertaken

it cost \$20.00. ^{again} not an ideal situation.

The entrance is not ideal, when
a id permission is granted, there will be
enough work ops. Also we have
enough traffic already going through
Oakland.
