

NOTES

This Mapping Index is designed for use with the following mapping provided in the Mid Devon District SFRA appendices:

- Flood Zones
- Climate Change
- 100-year Depth (Hazard) Grid
- Surface Water
- Areas Susceptible to Groundwater Flooding

Due to the size of the district, it has been divided up into grid squares and a suite of maps created for each grid square. Each grid square has been assigned an Index Number that can be used to identify the maps relevant to that particular grid square.
