

## Statement of Consultation - Regulation 22 (c)

Title of publication local plan: Mid Devon Local Plan Review (2013-2033) Proposed Submission (incorporating proposed modifications) (January 2017)

In summary, the Local Plan has been through the following consultation stages.

Dates	Consultation Stage
8 July 2013 for 6 weeks.	Local Plan Review Scoping Report
24 January 2014 for 8 weeks.	Local Plan Review Options Consultation
9 February 2015 for 11 weeks.	Local Plan Review Publication
3 January 2017 for 6 weeks	Local Plan Review Publication (incorporating proposed modifications)

**(i) Which bodies and persons the local planning authority invited to make representations under Regulation 18**

The Local Plan Review Scoping Report was published for comment on 8 July 2013 for a six week period, closing on 19 August 2013. Every person and organisation that appeared on the Mid Devon Local Development Framework database, as of 7 July 2013, was informed of the opportunity to comment on the Local Plan Review Scoping Report. A total of 70 individuals and organisations commented on the Local Plan Review Scoping Report. The Local Plan Review Options Consultation document was published for comment on 24 January 2014 for an eight week period, closing on 24 March 2014. Every person and organisation that appeared on the Mid Devon Local Development Framework database, as of 23 January 2014, was informed of the opportunity to comment on the Local Plan Review Options consultation. In addition the general public were invited to make representations. A total of 1201 individuals and organisations commented on the Local Plan Review Options Consultation document. A full list of bodies and persons invited to make representations under regulation 18 can be found in Appendix 1.

The Local Plan Review Proposed Submission document was published for comment on 9 February 2015, closing on 27 April 2015. Every person and organisation that appeared on the Mid Devon Local Development Framework database as of 9 February 2015 was informed of the opportunity to comment on the Local Plan Review Proposed Submission consultation. A total of 971 individuals and

organisations commented on the Local Plan Review Proposed Submission Consultation document. A full list of bodies and persons invited to make representations under regulation 18 can be found in Appendix 2.

**(ii) How those bodies and persons were invited to make representations under regulation 18.**

The following methods were used to notify consultees:

- Letter or postcard to every person and organisation who appear on the Mid Devon Local Development Framework database, including relevant specific and general consultation bodies, parish and town councils adjoining or within Mid Devon, residents or other persons carrying on business in the area;
- Press releases;
- Newspaper notice;
- Information on the Council website;
- Ten public exhibitions were also held as part of the Local Plan Review Proposed Submission Consultation where representations could be made by hand and submitted via a comments box provided on the day. The exhibitions were held as follows:

LOCATION	VENUE	DATE	TIME
Tiverton	Tiverton Town Hall	Tuesday 17 <sup>th</sup> February	4pm – 7pm
Crediton	Crediton Area Office	Saturday 21 <sup>st</sup> February	9:30am – 12:30pm
Crediton	Crediton Area Office	Tuesday 24 <sup>th</sup> February	4pm – 7pm
Tiverton	Tiverton Town Hall	Saturday 28 <sup>th</sup> February	9:30am – 12:30pm
Cullompton	The Walronds	Tuesday 3 <sup>rd</sup> March	4pm – 7pm
Cullompton	The Walronds	Thursday 5 <sup>th</sup> March	4pm – 7pm
Cullompton	The Walronds	Saturday 14 <sup>th</sup> March	9:30am – 12:30pm
Cullompton	The Walronds	Saturday 11 April	9:30am – 12:30pm
Tiverton	Tiverton Town Hall	Tuesday 14 April	4pm – 7pm
Crediton	MDDC Area Office	Wednesday 15 April	4pm – 7pm

- Posters were distributed across the district, setting out consultation dates and information on where documents could be viewed;
- Site notices were displayed where development allocations were proposed, setting out consultation dates and information on where documents could be viewed;
- Public meetings were held where requested by town and parish councils; and
- Full documents were available to view at online at [www.middevon.gov.uk/localplanreview](http://www.middevon.gov.uk/localplanreview), Mid Devon District Council, Phoenix House (main office), Mid Devon District Council, Crediton Area Office and all public libraries within Mid Devon District (including the mobile library).

Consultees were invited to make representations thorough an online survey accessed at [www.middevon.gov.uk/localplanreview](http://www.middevon.gov.uk/localplanreview), by email to [planningconsultations@middevon.gov.uk](mailto:planningconsultations@middevon.gov.uk) or in writing to Local Plan Review Consultation, Forward Planning, Phoenix House, Phoenix Lane, Tiverton, Devon EX16 6PP within the consultation period of 8 July – 19 August 2013 as part of the Local Plan Review Scoping Report consultation and 24 January – 24 March 2014 as part of the Local Plan

Review Options Consultation and 9 February 2015 – 27 April 2015 as part of the Local Plan Review Proposed Submission Consultation.

**(iii) A summary of the main issues raised by the representations made pursuant to regulation 18.**

Local Plan Review Scoping Report

Of the representations received, the vast majority of comments made on the Local Plan Review Scoping Report were representations of support or provided general information. The main issues raised were:

a) Evidence

The Local Plan should be based on up-to-date and robust evidence.

b) Spatial distribution of development

Growth in Crediton is severely constrained due to topography and flood issues. Bampton should be classified as a village rather than a town due to the character of the settlement and constraints around the town limiting development.

c) Overall distribution of development

Although no allocation sites were put forward for consultation at the Local Plan Review Scoping Report stage, various comments were made on specific potential allocation sites in the Local Plan Review. Of these comments the main issues raised specific to allocation sites were:

- Impact on the character of villages
- The level of development could be too high
- Loss of agricultural land
- Highway capacity

Local Plan Review Options Consultation

Of the representations received, the vast majority of comments made on the Local Plan Review Options Consultation were on potential allocation sites. The main issues raised were:

a) Housing numbers

The level of housing proposed was raised as an issue, whether it was too high or low.

b) Strategic distribution of development

A number of concerns were raised over the strategic location for growth at the Hartnoll Farm or Junction 27 sites.

The main issues raised regarding the Hartnoll Farm site were:

- Highway capacity,
- Impact on existing communities,

- Flooding, drainage and sewerage capacity,
- Loss of Grade 1 and 2 agricultural land,
- Impact on landscape and visual amenity,
- Impact on the Grand Western Canal County Park Conservation Area.

The main issues raised regarding the Junction 27 site were:

- Unsustainable site as would increase the reliance on the car,
- Employment element of this option would be detrimental to surrounding city, town and village centres,
- Impact on landscape and visual amenity,
- Impact on the environment,
- Flooding, drainage and sewerage capacity,
- Impact on existing communities.

c) Overall distribution of development

After the comments made on the strategic distribution of development, the other main areas of issues raised during the Local Plan Review Options Consultation were on village allocations. The key issues raised on village allocation sites were as follows:

- If all sites in the Local Plan Review Options Consultation document were allocated the level of development would be too high,
- Impact on existing services and facilities,
- Impact on utilities,
- Highway capacity,
- Impact on the environment,
- Impact on landscape and visual amenity,
- Loss of agricultural land,
- Impact on the character of villages,
- Impact on existing residents.

A number of additional potential allocation sites were also put forward by representations to be considered.

### Local Plan Review Proposed Submission Consultation

A summary of the comments received is set out below by thematic areas:

#### **a) Development Strategy, Vision and Spatial Strategy**

A variety of representations were made on this section of the plan with the majority that responded supporting this section. Those that did not support the overall strategy disagreed with the housing figures and the strategic site allocations. Other various recommendations were made for minor amendments to text such as reference to external strategies and additional goals as part of the vision.

#### **b) Strategic Policies**

Of the representations received, the majority supported the strategic policies in the plan. The policies that received most comments in the strategic policies section were S2 Amount and distribution of development and S11 Cullompton. For both, the majority of responses supported the policies. Of those that objected to S2, some suggested increasing the amount of development in the district overall although in contrast others felt that there was overprovision of housing in the

proposed plan. In terms of the distribution of development a wide range of alternatives were suggested including greater development at Tiverton, Crediton and rural areas. Of those that objected to S11, most comments centred on the scale of development proposed at Cullompton and concerns over the impact on existing infrastructure, the environment and flooding.

#### **c) Town allocations**

Most representations in the town allocation section were focussed on sites in Tiverton and Cullompton. In Tiverton the two sites that received most representations were TIV10 Roundhill and the TIV14 Wynnards Mead contingency site. A large proportion of the comments for TIV10 formed signatures as part of a petition which noted parking, drainage, amenity and access as reasons for their objection to the site. Similarly for TIV14, most of the responses formed signatures as part of a replicated letter which argued issues on heritage and the impact on the local road network as reasons for objection. In Cullompton, most comments were on CU7-CU12 East Cullompton. There were various representations of support for the policy; however the majority of comments objected to the proposed allocation. Those that objected were concerned about the loss of agricultural land, potential flood risk, impact on infrastructure, school capacity and the environment.

#### **d) Rural allocations**

Of the representations made on rural allocations the vast majority of comments focussed on the village of Morchard Bishop. Almost all of the responses for Morchard Bishop formed signatures as part of replicated letter which set out its support for the proposed allocation stating that the site was sufficient to meet the needs of the village and for rejecting the previously considered option sites in the settlement. There were various other comments for the other rural allocations both supporting and objecting to various sites. The other site of note in terms of a higher number of representations received on rural allocations was CB1 Land off Church Lane, Cheriton Bishop. The majority of responses to this site objected, although there was some support. Those that objected identified their concerns over issues around traffic, parking, topography, village character and impact on neighbours.

#### **e) Junction 27 M5**

This site was not recommended for allocation in the Proposed Submission Local Plan, nevertheless it received a significant number of comments. Of those that responded the majority supported the decision not to include the site as an allocation in the Proposed Submission Local Plan. Those that objected to its exclusion cited the positive impact of the development to tourism and leisure and the position of the site having excellent infrastructure connections.

#### **f) Development Management Policies**

A wide range of responses were received for this section of the plan with many expressing support for the development management policies. A number of comments were received for DM5 'Parking' with some respondents putting forward alternative parking standards. Several comments were received for DM12 'Design of Housing' and DM13 'Dwelling Sizes' with some arguing that the policies did not reflect the Ministerial Statement of 25th March 2015. Policy DM24 'Protection of Local Green Space and recreational land/buildings' received the most responses with the majority recommending that Morchard Bishop OMO2 'Church Street', should be listed as Local Green Space. Other comments on this policy supported Local Green Space designations in Bradninch, Cheriton Fitzpaine, Morchard Bishop, Sandford and Bickleigh.

#### **g) Policies Map**

The majority of comments made on the policies maps section related to minor cartographic and formatting errors, for example, where a proposed allocation appears to extend across the garden of

a private residential property. There were also errors identified in relation to the North West Cullompton allocation and the need for the Local Plan Review to reflect the recently adopted masterplan. It was also noted that the conservation area for Cheriton Bishop is incorrect.

#### **h) Miscellaneous comments**

A wide range of comments were received during the Local Plan Review consultation, some of which were not directly related to a policy but made general suggestions or comments on the Plan such as including additional context for Mid Devon District. Comments on the Local Plan Review evidence were also made on the Strategic Flood Risk Assessment (SFRA), Strategic Housing Market Area Assessment (SHMA) and the Sustainability Appraisal (SA). With regard to the SFRA, comments centred on the methodology of the study suggesting additional considerations to form part of the study. SHMA comments related to the discussion on S2 Amount and Distribution of Development and how the overall amount of development in the policy relates to objectively assessed housing need. A range of comments were received regarding the SA including general comments requesting additional text, suggestions for amendments to the methodology and changes to the specific scores provided to each policy in the SA analysis.

#### **(iv) How any representations made pursuant to regulation 18 have been taken into account.**

##### Local Plan Review Scoping Report

##### a) Evidence

As part of the evidence base for the Local Plan Review (2013-2033) Proposed Submission a number of new studies have been commissioned which provide the up-to-date and robust evidence base to support the Local Plan Review.

##### b) Spatial distribution of development

The total housing target for Crediton represents 10% of the district's total requirement. This is lower than might be expected for a town of this size, but environmental constraints limit Crediton's expansion and the development can be more sustainably located elsewhere.

Bampton has been re-classified as a village. On analysis Bampton met the essential criteria identified in policy S13 'Villages' and has similar characteristics to other settlements identified as villages in this plan, including a similar parish population size. Although Bampton provides important services to the surrounding community it does not have the same significant strategic role of the three markets towns within the district (Tiverton, Cullompton and Crediton). Furthermore the nature of the road within Bampton itself limits the level of traffic that can be supported through the settlement. Bampton also has some topographical and flood risk constraints which restrict the level of development which can be accommodated within this settlement.

##### c) Overall distribution of development

Following the Local Plan Review Scoping Report consultation, sites taken forward to the Local Plan Review Options Consultation were all assessed by the Strategic Housing Land Availability Assessment (SHLAA) panel and were viewed to be deliverable. These sites were also subject to a Sustainability Appraisal (SA) which incorporates the Strategic Environmental Assessment (SEA).

## Local Plan Review Options Consultation

### a) Housing numbers

The Local Plan Review (2013-2033) Proposed Submission is based on a Strategic Housing Market Assessment (SHMA) which is founded on the most recent evidence available and is in accordance with national policy and guidance. SHMAs are cross-boundary studies of the operation of Housing Market Areas. They are based on the latest evidence available including a range of housing, economic and demographic factors, trends and forecasts, and provide recommendations on the amount and type of housing needed in local areas.

### b) Strategic distribution of development

The strategic option for growth favoured by the Local Plan Review is east of Cullompton J28. This site received the greatest support including by the Town Council who suggested this site as an option to be included in the Local Plan Review Options Consultation. The site options at Hartnoll Farm and J27 are not proposed as sites in the Local Plan Review (2013-2033) Proposed Submission.

### c) Overall distribution of development

Only a limited number of sites have been allocated in village locations in the Local Plan Review (2013-2033) Proposed Submission. Village allocations that have been included were evaluated as the most sustainable and appropriate options based on the evidence base and responses from the Local Plan Review Options Consultation. Of the additional sites that were put forward by representations during the Local Plan Review Options consultation, these sites were considered by the SHLAA panel. Some sites were deemed to be undeliverable or unavailable and were not taken forward. Sites that were deemed deliverable and available were considered alongside the other potential allocation sites that were put forward as part of the Local Plan Review Options Consultation. These were subject to the SA which incorporates the SEA. Allocations that have been included in the Local Plan Review (2013-2033) Proposed Submission were evaluated as the most sustainable and appropriate locations based on the evidence base.

## Local Plan Review Proposed Submission Consultation

### **Changes arising as a result of consultation responses Proposed Submission Document (Feb 2015 – April 2015)**

#### **Development Strategy and Strategic Policies**

Following consultation on the proposed submission version of the Local Plan, a number of minor amendments are proposed for the strategic policies. The main changes include an amendment to Policy S3 to support self-build and custom-build and additional supporting text for Policy S7 'Town Centres' to ensure that the focus on healthy town centres does not preclude retail, leisure and recreation uses within strategic site allocations such as East Cullompton.

#### **Town Allocations**

##### Tiverton

Policy TIV2 has been amended in response to comments from DCC to ensure the provision of a new *grade-separated* junction to the A361. In response to concerns raised by the Environment Agency, a

new criterion has been added to Policy TIV3 requiring the provision of a strategic Sustainable Urban Drainage Scheme to deal with surface water from the development paying particular attention to runoff into Tidcombe Fen SSSI. Policy TIV6 Farleigh Meadows has also been updated in response to comments stating that the policy did not reflect the planning permission for the site. In response to the findings of the Historic Environment Appraisal, Policy TIV14 'Wynnards Mead' is proposed to be deleted.

#### Cullompton

In response to comments received, a number of amendments are proposed for policies CU1 – CU6. Policy CU2 has been updated in response to comments from DCC requesting contributions from development to the Town Centre Relief Road and bus service enhancements. In addition, Policy CU4 'North West Cullompton Community Facilities' criterion b) has been updated in accordance with comments provided by DCC requiring construction costs for 300 places of a 420 place primary school with provision for early years. A number of the Cullompton policies have been amended following the findings of the Historic Environment Appraisal which was prepared in response to comments received from Historic England. In addition, Policy CU9 'East Cullompton Environmental Protection and Green Infrastructure' has been amended to address concerns from the EA requesting a *strategically designed, and phased* Sustainable Urban Drainage Scheme.

#### Crediton

A number of comments were received for Policy CRE2 'Red Hill Cross' and therefore, the policy has been amended to include improved access to the town centre for pedestrians and cyclists. As above, a number of policies have been amended following the preparation of a Historic Environment Appraisal, to ensure appropriate mitigation where necessary. These include, CRE2 'Red Hill Cross', CRE3 'Cromwells Meadow', CRE4 'The Woods Group', CRE7 'Stonewall Lane' and CRE10 'Land South of A377'. Additional supporting text has been added to policy CRE5 'Pedlerspool' following comments from the EA regarding the River Creedy.

#### Rural Allocations

Many of the rural allocations have been updated following the preparation of a Historic Environment Appraisal, which has been prepared in response to the representation from Historic England. A wide range of minor changes have been made to the rural allocations following the representations received. Policy BO1, Land adjacent to Hollywell, Bow has been revised to ensure the policy is flexible to respond to alternative highway options. A number of responses were received for CB1; Land off Church Lane and subsequently, the policy now includes provision of a landscape buffer, a design solution and has been reduced in site area to ensure that it is more in keeping with the existing pattern of development. Following comments from a representor that HE1 'Depot, Hemyock' is no longer immediately deliverable, this is now proposed to be deleted accordingly. Policy WI2 'Willand Industrial Estate' has been reinstated following representations addressing the Council's original reason for deletion. The remainder of the site is now deliverable with access to phase 2 having been secured.

#### Development Management Policies

A number of the development management policies have been amended in response to comments received to ensure greater clarity. Policies DM12 'Design of Housing' and DM13 'Dwelling Sizes' are now proposed to be combined following representations highlighting that the policies did not reflect the Ministerial Statement of 25th March. Following a number of comments received in relation to DM24 'Protection of Local Green Space and recreational land/buildings', additional Local Green Space designations are proposed for Millennium Green, Bampton and Millennium Green, Sandford.

## **Policies Maps**

The majority of comments made on the policies maps section related to minor cartographic and formatting errors. Where appropriate, these have now been corrected.

**(v) If any representations were made pursuant to Regulation 20, the number of representations made and a summary of the main issues raised in those representations.**

There were 1367 representations made to the Proposed Submission Local Plan (incorporating proposed modifications) from 739 people and organisations. As this consultation related to the proposed modifications to the plan and not on any wider unchanged content, only these reps have been summarised below.

Representations were received on many of the policies and proposals but the main issues raised were:

- Strategic Environmental Assessment/ Sustainability Appraisal
- Overall Provision of Housing
- Distribution of development
- Tiverton
  - Tiverton Eastern Urban Extension
  - Other allocations – Several comments relating to TIV14 Wynnards Meads and TIV16 Blundells Road.
  - Alternative sites for development.
- Cullompton
  - Cullompton North West Urban Extension
  - East Cullompton
  - Town Centre Relief Road
- Crediton – CRE5 Pedlerspool, Exhibition Road
- Junction 27, M5
- Rural Areas
  - Allocations – SP2 Higher Town, Sampford Peverell, UF1 Land West of Uffculme and W12 Willand Industrial Estate.
- Development Policies – Numerous issues raised for Policy DM12 Housing Standards, DM26 Green Infrastructure in Major Development and DM27 Protected Landscapes.

**(vi) If no representations were made under regulation 20, that no representations were made.**

Not applicable, see section (v).

## Appendix 1

Below is a list of bodies contacted regarding the Local Plan Review: Options Consultation for Mid Devon District Council in January 2014. A total of 1582 individuals, 246 landowners and two members of parliament were contacted, as well as the list of local organisations, businesses and other consultation bodies below. Each consultee was sent a letter or postcard and invited to comment on the Mid Devon Local Plan Review: Options Consultation.
