Please provide comments below (continue on separate sheets if needed)

1. Paragraph 7.3 Final sentence "An additional junction...". The initial Local Plan Review consultation report advised that the Highways Agency have stated that a second motorway junction will not be possible. Unless there is evidence that they have changed their mind any reference to a second junction should be removed as it is misleading.

2. Paragraph 12.7 line 3 "the potential route". The Local Plan Review 2013-2033 included an area East of the M5 as a possible route. The wording needs to change to "a potential route.

In that respect a route is available on the east side of the motorway, similar to the rejected option D but avoiding the flood plain. This route was proposed in the relief road consultation but rejected on the incorrect advice that the Environment Agency would not permit it. The EA have been consulted and have not rejected this route.

General: Why is it not possible to fill in this form online?
