Q7 Please provide your comments below

Thank you for the opportunity to comment. I want Policy SP2 to be deleted from the plan. If this does not happen, please redraw the settlement boundary for Sampford Peverell so that the Green Infrastructure/GI on the policy map for SP2 remains in the countryside. This is a very complicated process and hard for individuals to navigate and articulate carefully considered views. Sharing of understanding by local people has enabled people like me to express a view which may result in you reading similar comments - this is still representative of thoughtful individuals who want to make a difference.
