Introduction	1
The requirement to undertake Habitats Regulations Assessment of development plans	1
Stages of HRA	2
HRA conclusions for the examined Mid Devon Local Plan Review	4
Assessment of Proposed Main Modifications	5
Conclusions	43
Next Steps	44

## Introduction

- 1.1 In March 2017 Mid Devon District Council submitted the Mid Devon Local Plan Review for independent examination by a Planning Inspector appointed by the Secretary of State. A Habitats Regulations Assessment (HRA) Report was submitted alongside the Plan. As well as the main HRA Report for the Publication Draft Local Plan Review (March 2015)<sup>1</sup>, a HRA Addendum (August 2016)<sup>2</sup> was also submitted which related to the Submission Draft version of the Local Plan Review. An Appropriate Assessment Report (December 2016)<sup>3</sup> relating specifically to the Junction 27 proposals within the Local Plan Review was also submitted.
- 1.2 Preliminary public examination hearings were held in September 2018, followed by the main hearings which took place between 14<sup>th</sup> and 20<sup>th</sup> February 2019. The Council has now prepared a Schedule of Proposed Main Modifications to the Local Plan Review which will be published for a six-week consultation period in early 2020. The proposed modifications take into account the matters raised during the examination by the Inspector and participating representors. Some of the proposed modifications were previously included in the Schedule of Minor Modifications (examination document SD14) which was submitted with the Local Plan Review in 2017; however, on the advice of the Inspector they have now been reclassified as Main Modifications.
- 1.3 This HRA Addendum presents an assessment of the proposed Main Modifications and considers their implications for the HRA findings reported previously. In combination with the HRA Report (March 2015), HRA Addendum (August 2016) and J27 Appropriate Assessment Report (December 2016) that were submitted alongside the Local Plan Review for examination, this Addendum represents an HRA of the Local Plan Review as proposed to be modified, updating the findings presented in the HRA documents which accompanied the examined Local Plan Review. This addendum should therefore be read alongside those HRA documents.
- 1.4 This HRA Addendum focusses on the 'Main Modifications' to the Local Plan Review only. Additional Modifications have also been prepared to address non-substantive matters such as typographical, factual and grammatical errors. These Minor Modifications are not subject to HRA as they do not have the potential to lead to adverse effects on the integrity of European designated sites.

## The requirement to undertake Habitats Regulations Assessment of development plans

- 1.5 The requirement to undertake HRA of development plans was confirmed by the amendments to the Habitats Regulations published for England and Wales in 2007<sup>4</sup>; the currently applicable version is the Conservation of Habitats and Species Regulations 2017<sup>5</sup> (as amended). Therefore, when preparing its Local Plan Review, Mid Devon District Council is required by law to carry out a Habitats Regulations Assessment.
- 1.6 HRA refers to the assessment of the potential effects of a development plan on one or more European sites, including Special Protection Areas (SPAs) and Special Areas of Conservation (SACs):
  - SACs are designated under the European Habitats Directive and target particular habitat types (Annex 1) and species (Annex II). The listed habitat types and species (excluding birds) are those considered to be most in need of conservation at a European level.

<sup>4</sup> *The Conservation (Natural Habitats, &c.) (Amendment) Regulations 2007* (2007) SI No. 2007/1843. TSO (The Stationery Office), London.

<sup>5</sup> *The Conservation of Habitats and Species Regulations 2017* (2017) SI No. 2017/1012, TSO (The Stationery Office), London.

- SPAs are classified in accordance with Article 4(1) of the European Union Birds Directive<sup>6</sup> for rare and vulnerable birds (as listed in Annex I of the Directive), and under Article 4(2) for regularly occurring migratory species not listed in Annex I.
- 1.7 Potential SPAs (pSPAs)<sup>7</sup>, candidate SACs (cSACs)<sup>8</sup>, Sites of Community Importance (SCIs)<sup>9</sup> and Ramsar sites should also be included in the HRA.
- Ramsar sites support internationally important wetland habitats and are listed under the Convention on Wetlands of International Importance especially as Waterfowl Habitat (Ramsar Convention, 1971).
- 1.8 For ease of reference during HRA, these designations can be collectively referred to as European sites<sup>10</sup> despite Ramsar designations being at the international level.
- 1.9 The overall purpose of the HRA is to conclude whether or not a proposal or policy, or the whole development plan, would adversely affect the integrity of the European site in question either alone or in combination with other plans and projects. This is judged in terms of the implications of the plan for the 'qualifying features' for which the European site was designated, i.e.:
- SACs – Annex I habitat types and Annex II species<sup>11</sup>;
  - SPAs – Annex I birds and regularly occurring migratory species not listed in Annex I<sup>12</sup>;
  - Ramsar sites – the reasons for listing the site under the Convention<sup>13</sup>.
- 1.10 Significantly, HRA is based on the precautionary principle meaning that where uncertainty or doubt remains, an adverse impact should be assumed.
- 1.11 Details about how the HRA process has informed the preparation of the Local Plan Review can be found in the HRA Report for the Publication Draft version of the Local Plan Review (March 2015) and supplemented by the August 2016 HRA Addendum and the December 2016 J27 Appropriate Assessment Report.

## Stages of HRA

- 1.12 The HRA of development plans is undertaken in stages (as described below) and should conclude whether or not a proposal would adversely affect the integrity of the European site in question.
- 1.13 The HRA should be undertaken by the 'competent authority', in this case Mid Devon District Council. LUC has been commissioned by Mid Devon District Council to carry out the HRA work for the Local Plan Review on the Council's behalf, although this is to be reported to and considered by Mid Devon District Council, as the competent authority, before adopting the Local Plan Review.
- 1.14 The HRA also requires close working with Natural England as the statutory nature conservation body<sup>14</sup> in order to obtain the necessary information, agree the process, outcomes and mitigation proposals.

<sup>6</sup> Council Directive 2009/147/EC of 30 November 2009 on the conservation of wild birds (the codified version of Council Directive 79/409/EEC, as amended).

<sup>7</sup> Potential SPAs are sites that have been approved by the Minister for formal consultation but not yet proposed to the European Commission, as listed on the [GOV.UK website](#).

<sup>8</sup> Candidate SACs are sites that have been submitted to the European Commission, but not yet formally adopted, as listed on the JNCC's [SAC list](#).

<sup>9</sup> SCIs are sites that have been adopted by the European Commission but not yet formally designated as SACs by the UK Government.

<sup>10</sup> The term 'Natura 2000 sites' can also be used interchangeably with 'European sites' in the context of HRA, although the latter term is used throughout this report.

<sup>11</sup> As listed in the site's citation on the JNCC website (all features of European importance, both primary and non-primary, need to be considered).

<sup>12</sup> As identified in sections 3.1, 3.2 and 4.2 of the SPA's standard data form on the JNCC website; species for which the site assessment of population (abbreviated to 'Pop.' in table at section 3.1 and 3.2) is 'D' (non-significant population) are not qualifying features and are only relevant to the HRA if qualifying features are dependent on them. Information from SAC and SPA Standard Data Forms is also published by the JNCC in the [Natura 2000 site details - spreadsheet](#). At sites where there remain differences between species listed in the [2001 SPA Review](#) and the extant site citation in the standard data form, the relevant country agency (Natural England or Natural Resources Wales) should be contacted for further guidance.

<sup>13</sup> As set out in section 14 of the relevant 'Information Sheet on Ramsar Wetlands' available on the JNCC website.

<sup>14</sup> Regulation 5 of the Habitats Regulations 2017.

## Requirements of the Habitats Regulations

- 1.15 In assessing the effects of a Local Plan in accordance with Regulation 105 of the Conservation of Habitats and Species Regulations 2017 (as amended), there are potentially two tests to be applied by the competent authority: a 'Significance Test', followed if necessary by an Appropriate Assessment which would inform the 'Integrity Test'. The relevant sequence of questions is as follows:
- 1.16 Step 1: Under Reg. 105(1)(b), consider whether the plan is directly connected with or necessary to the management of the sites. If not, as is the case for the Mid Devon Local Plan Review, proceed to Step 2.
- 1.17 Step 2: Under Reg. 105(1)(a) consider whether the plan is likely to have a significant effect on a European site, either alone or in combination with other plans or projects (the 'Significance Test'). If yes, proceed to Step 3.
- [Steps 1 and 2 are undertaken as part of Stage 1: HRA Screening in Table 1 below.]*
- 1.18 Step 3: Under Reg. 105(1), make an Appropriate Assessment of the implications for the European site in view of its current conservation objectives (the 'Integrity Test'). In so doing, it is mandatory under Reg. 105(2) to consult Natural England, and optional under Reg. 105(3) to take the opinion of the general public.
- [This step is undertaken during Stage 2: Appropriate Assessment shown in Table 1 below.]*
- 1.19 Step 4: In accordance with Reg. 105(4), but subject to Reg. 107, give effect to the land use plan only after having ascertained that the plan would not adversely affect the integrity of a European site.
- 1.20 Step 5: Under Reg. 107, if Step 4 is unable to rule out adverse effects on the integrity of a European site and no alternative solutions exist then the competent authority may nevertheless agree to the plan or project if it must be carried out for 'imperative reasons of overriding public interest' (IROPI).
- 1.21 **Table 1** below summarises the stages and associated tasks and outcomes typically involved in carrying out a full HRA of a development plan, based on various guidance documents<sup>15 16 17</sup>.

**Table 1 Stages of HRA**

Stage	Task	Outcome
<b>Stage 1:</b> HRA Screening	<p>Description of the development plan and confirmation that it is not directly connected with or necessary to the management of European sites.</p> <p>Identification of potentially affected European sites and their conservation objectives<sup>18</sup>.</p> <p>Review of other plans and projects.</p> <p>Assessment of likely significant effects of the development plan alone or in combination with other plans and projects, prior to consideration of avoidance or</p>	<p>Where effects are unlikely, prepare a 'finding of no significant effect report'.</p> <p>Where effects judged likely, or lack of information to prove otherwise, proceed to Stage 2.</p>

<sup>15</sup> UK Government Planning Practice Guidance, available from <https://www.gov.uk/guidance/appropriate-assessment>

<sup>16</sup> European Commission (2001) Assessment of plans and projects significantly affecting European Sites. Methodological guidance on the provisions of Article 6(3) and (4) of the Habitats Directive 92/43/EEC.

<sup>17</sup> The HRA Handbook. David Tyldesley & Associates, a subscription based online guidance document: <https://www.dtapublications.co.uk/handbook/European>

<sup>18</sup> [Conservation objectives](#) are published by Natural England for SACs and SPAs.

Stage	Task	Outcome
	reduction ('mitigation') measures <sup>19</sup> .	
<b>Stage 2:</b> Appropriate Assessment (where Stage 1 does not rule out likely significant effects)	Information gathering (development plan and European Sites <sup>20</sup> ). Impact prediction. Evaluation of development plan impacts in view of conservation objectives of European sites. Where impacts are considered to directly or indirectly affect qualifying features of European sites, identify how these effects will be avoided or reduced ('mitigation').	Appropriate assessment report describing the plan, European site baseline conditions, the adverse effects of the plan on the European site, how these effects will be avoided or reduced, including the mechanisms and timescale for these mitigation measures.  If effects remain after all alternatives and mitigation measures have been considered proceed to Stage 3.
<b>Stage 3:</b> Assessment where no alternatives exist and adverse impacts remain taking into account mitigation	Identify 'imperative reasons of overriding public interest' (IROPI). Demonstrate no alternatives exist. Identify potential compensatory measures.	This stage should be avoided if at all possible. The test of IROPI and the requirements for compensation are extremely onerous.

- 1.22 It is normally anticipated that an emphasis on Stages 1 and 2 of this process will, through a series of iterations, help ensure that potential adverse effects are identified and eliminated through the inclusion of mitigation measures designed to avoid or reduce effects. The need to consider alternatives could imply more onerous changes to a plan document. It is generally understood that so called 'imperative reasons of overriding public interest' (IROPI) are likely to be justified only very occasionally and would involve engagement with both the Government and European Commission.

## HRA conclusions for the examined Mid Devon Local Plan Review

### HRA Report for the Publication Draft Local Plan Review (March 2015)

- 1.23 HRA screening of the Publication Draft version of the Local Plan Review was undertaken in accordance with available guidance and was based on a precautionary approach, as required under the Habitats Regulations. The HRA screening conclusions for the Publication Draft Local Plan Review were that, although none of the policies in the Local Plan were considered likely to have significant effects on European sites, a number of the policies may result in likely significant effects on European sites, in relation to potential offsite damage/disturbance to habitats and non-physical disturbance, increased air pollution and increased recreation pressure. These issues were examined in more detail through an Appropriate Assessment and it was concluded that, provided the mitigation identified in the Mid Devon Local Plan Review is implemented, adverse effects on the integrity of any of the European sites considered are not expected.

### HRA Addendum for the Submission Draft Local Plan Review (August 2016)

- 1.24 The HRA Addendum that was prepared in August 2016 in relation to the Submission Draft version of the Local Plan Review concluded that the changes that were proposed to be made to the Publication Draft version did not affect the conclusions of the March 2015 HRA Report. The findings of the Appropriate Assessment of the Publication Draft Local Plan Review therefore

<sup>19</sup> In line with the CJEU judgment in Case C-323/17 People Over Wind v Coillte Teoranta, mitigation must only be taken into consideration at this stage and not during Stage 1: HRA Screening.

<sup>20</sup> In addition to European site citations and conservation objectives, key information sources for understanding factors contributing to the integrity of European sites include (where available) conservation objectives supplementary advice and [Site Improvement Plans](#) prepared by Natural England.

remained valid, and as such it was still able to be concluded that the Submission Draft version of the Local Plan Review would not have an adverse effect on the integrity of European sites.

### Appropriate Assessment Report for the J27 Proposals (December 2016)

- 1.25 The December 2016 Appropriate Assessment report considered the potential for air pollution effects on the Culm Grasslands SAC as a result of the proposed Junction 27 site allocation. It concluded that the allocation (in combination with other proposals in the Local Plan Review) would increase NO<sub>x</sub> levels immediately adjacent to the A361 over the plan period; however, the effects would be very localised within the SAC. The J27 site allocation would cause a negligible increase in nutrient nitrogen and acid nitrogen deposition, although critical loads for these are already being exceeded and will continue to do so in 2022, despite expected decreases in background concentrations. The most appropriate mitigation for the effects of air pollution at the Culm Grasslands SAC was found to be to target agricultural sources of nitrogen (which is outside the remit of the Local Plan Review), although improvements to vehicle emissions nationally and sustainable transport initiatives, for example those encouraged in the Local Plan Review, will also contribute to the mitigation of impacts on the SAC's qualifying features. The J27 site allocation, alone or in combination with the Local Plan proposals, was therefore concluded not to have an adverse effect on the integrity of the Culm Grasslands SAC through increased air pollution.

### Assessment of Proposed Main Modifications

- 1.26 **Table 2** overleaf presents the schedule of Proposed Main Modifications and the Council's reasons for proposing each one, with a final column added to record the implications of each Proposed Main Modification for the HRA conclusions reported previously.
- 1.27 The HRA implications have been considered based on whether each Main Modification changes the conclusions of the HRA Report for the Publication Draft Local Plan Review, as updated in the August 2016 HRA Addendum and also taking into account the December 2016 J27 Appropriate Assessment Report.

**Table 2: Assessment of Proposed Main Modifications in relation to the HRA conclusions reported previously**

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
MM02	S1: Sustainable Development Priorities		Amend criterion i) as follows: <p>“...<del>recreational trails, and</del> accessible land, <b>and other green infrastructure</b>, and opportunities....”</p>	Taken from Submission Document SD14. Included as a main modification in accordance with the Inspector’s post hearing advice note. Modification proposed to reflect representation made by Natural England during the 2017 modifications consultation.	<b>No change to HRA findings:</b> The proposed additional text relating to green infrastructure provision does not affect the overall scale or location of development proposed through the Local Plan Review.
MM03	S2: Amount and Distribution of Development	32	“The diverse needs of the community will be met through the provision of <b>a minimum of approximately 7,860 7,200</b> dwellings and 147,000 <del>154,000</del> square metres of commercial floorspace between 1 <sup>st</sup> April 2013 and 31 <sup>st</sup> March 2033.”	In response to the Inspector’s post hearings advice note: <p>“...content that the OAN figure of 78 (393pa) is soundly derived, as is the extent of commercial development envisaged. That said, while I appreciated the headroom allowed for, to comply with the (2012 version of) the Framework, these figures must be expressed as a minima in Policy S2.”</p>	<b>No change to HRA findings:</b> Although the housing figure is now proposed to be expressed as a minimum figure, meaning that more homes could in theory be provided, any provision above the minimum figure is not expected to be of such a scale that the HRA conclusions are affected.
MM04	S3: Meeting Housing Needs	34	Amend criterion a) as follows: <p>“The diverse needs of Mid Devon will be met through the provision of <b>a minimum of approximately 7,860 7,200</b> dwellings between 1<sup>st</sup> April 2013 and 31<sup>st</sup> March 2033.”</p>	In response to the Inspector’s advice note: <p>“...content that the OAN figure of 78 (393pa) is soundly derived, as is the extent of commercial development envisaged. That said, while I appreciated the headroom allowed for, to comply with the (2012 version of) the Framework, these figures must be expressed as a minima in Policy S2”</p>	<b>No change to HRA findings:</b> Although the housing figure is now proposed to be expressed as a minimum figure, meaning that more homes could in theory be provided, any provision above the minimum figure is not expected to be of such a scale that the HRA conclusions are affected.

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
MM05	2.31	36	<p>Amend paragraph 2.31 of the supporting text as follows:</p> <p>“....The need for gypsy and traveller pitches will be accommodated by pitches within larger housing sites, for example at Tiverton Eastern Urban Extension, North West Cullompton, East Cullompton and Pedlerspool in Crediton. <b><u>The Council’s preferred approach is for on-site provision as part of larger housing proposals TIV1, CU1, CU7 and CRE5. Provision off-site will only be accepted where it is demonstrated that provision on a different site would achieve a more favourable outcome for Gypsies and Travellers as described in Policy DM7. Where such a more favourable outcome can be demonstrated, off-site provision must meet the requirements of Policy DM7, and a mechanism must be put in place to ensure that the pitches are delivered. This will usually be through a s106 agreement requiring the developer to identify and obtain planning permission (which will not be unreasonably withheld by the Council) for the required number and standard of pitches. The pitches will be provided by the development itself or where the land is transferred for a nominal value, by an agreed third party Registered Provider or other agreed private provider, for the sole purpose of occupation and ancillary business by Gypsies and Travellers. The off-site provision of pitches must be provided and made available for occupation before the</u></b></p>	<p>In response to the Inspector’s post hearings advice note and to ensure consistency with MM proposed for Policy DM7.</p>	<p><b>No change to HRA findings:</b> The proposed modification does not affect the overall scale of Gypsy and Traveller pitch provision through the Local Plan Review. The Council’s preferred approach is to focus pitch provision within the larger housing proposals TIV1, CU1, CU7 and CRE5, which have been assessed separately as part of the HRA. While offsite provision may be made, any development of this nature would be very small-scale and so would not affect the conclusions of the HRA in terms of the impacts of increased air pollution or recreation pressure. There are no European sites within the District that could be directly affected by the development of Gypsy and Traveller sites outside of the main settlements.</p>

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
			<p><del>occupation of a specified proportion of the provision of on-site open market dwellings as part of the larger housing proposal at TIV1, CU1, CU7 or CRE5. Where the off-site provision of pitches generates additional infrastructure needs, developers of the larger housing proposal at TIV1, CU1, CU7 or CRE5 will be expected to contribute fairly towards the cost in accordance with Policies S8 and DM7 of this Plan. The Council is working with the travelling showpeople community to approve a large site near Cullompton which would meet the need requirements set out in the GTAA. Policy DM7 (gypsy and traveller accommodation) manages the development of specific sites"</del></p>		
MM06	S8: Infrastructure	46	<p>Modification to include following text at the end of the policy text:</p> <p><b><u>"Planning permission will be granted only where the impact of development is not considered to be severe. Where severe impacts that are attributable to the development are considered likely, including as a consequence of cumulative impacts, they must be subject to satisfactory mitigation having regard to the latest infrastructure plan"</u></b>.</p>	Amendment agreed within Statement of Common Ground (SCG-10) between MDDC, Devon County Council and Highways England.	<p><b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or location of infrastructure development proposed through the Local Plan Review.</p>
MM07	S9: Environment	48	<p>Amend criterion e) as follows:</p> <p>"The preservation and enhancement of the distinctive qualities of Mid Devon's natural landscape, supporting opportunities identified</p>	Taken from Submission Document SD14. Included as a main modification in accordance with the Inspector's post hearing advice note. Modification proposed in response to the representation made by	<p><b>No change to HRA findings:</b> The proposed modification to this landscape-related policy criterion does not affect the</p>

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
			within the landscape character areas. Within <del>or adjoining</del> the Blackdown Hills Area of Outstanding Natural Beauty, <b>and within the setting of the Blackdown Hills Area of Outstanding Natural Beauty</b> , and Exmoor and Dartmoor National Parks, the primary objective will be to protect the special <del>environmental</del> qualities of that landscape and its setting.”	Natural England during the 2017 modifications consultation.	overall scale or location of development proposed through the Local Plan Review.
MM08	S9: Environment	48	Amend criterion f) as follows: “The protection and enhancement of designated sites of international, national and local biodiversity and geodiversity importance. On both designated and undesignated sites, development will support opportunities for protecting and enhancing species populations and linking habitats. <b><u>If significant harm resulting from development cannot be avoided providing impacts should be adequately mitigated mitigation and</u></b> . Compensation measures <b><u>will only be considered</u></b> where appropriate <b><u>as a last resort;</u></b> and”	Taken from Submission Document SD14. Included as a main modification in accordance with the Inspector’s post hearing advice note. Modification proposed in response to the representation made by Natural England during the 2017 modifications consultation and to reflect the hierarchy in NPPF para 118.	<b>No change to HRA findings:</b> The proposed modification does not affect the overall meaning of the policy criterion or the strength of the mitigation that the policy provides in terms of the potential impacts of development on European sites.
MM09	S11: Cullompton	52	Amend criterion a) as follows: “Make any necessary <del>improvements to the M5 motorway including junction 28 strategic mitigations</del> to maintain highway capacity, <del>and</del> safety, <b><u>integrity, and sustainability including the M5 and local highway network in conjunction with current and relevant infrastructure plans;</u></b> ”	Amendment agreed within Statement of Common Ground (SCG-10) between MDDC, Devon County Council and Highways England.	<b>No change to HRA findings:</b> The proposed modification does not affect the overall meaning of the policy and does not affect the scale or location of development proposed through the Local Plan Review.

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
MM10	S12: Crediton	55	Add to the end of clause e) “- , <b>including green infrastructure</b> ”	Taken from Submission Document SD14. Included as a main modification in accordance with the Inspector’s post hearing advice note. Modification proposed in response to the representation made by Natural England during the 2017 modifications consultation.	<b>No change to HRA findings:</b> The proposed additional text relating to green infrastructure does not affect the overall scale or location of development proposed through the Local Plan Review.
MM11	S14: Countryside and paragraph 2.82	59	<p>Amend criterion a) as follows:</p> <p>“a) Affordable and low cost housing to meet local needs, <b>gypsy and traveller accommodation</b>, <del>gypsy and traveller accommodation</del>, residential conversion of appropriate existing buildings...”</p> <p>Amend the last two sentences of supporting text in para 2.82 as follows:</p> <p>“National policy requires that new sites for travellers should be <b>very strictly</b> limited in open countryside that is away from existing settlements or outside areas allocated in the development plan. In certain circumstances the development of such sites outside of settlement limits will be appropriate, providing it can meet the criteria set out within Policy DM7 (gypsy and traveller accommodation).”</p>	<p>In response to the Inspector’s post hearing advice note:</p> <p>“Make Policy S14 permissive of G&amp;T sites in the countryside while decoupling allocated G&amp;T sites from general housing allocations and deleting the stipulation in relation to need in Policy DM7”</p>	<b>No change to HRA findings:</b> While the proposed modification could mean that Gypsy and Traveller sites are more likely to come forward in the countryside, the overall scale of Gypsy and Traveller site provision proposed through the Local Plan Review is unchanged. Any proposals for such sites would be small-scale and so would not affect the conclusions of the HRA in terms of the impacts of increased air pollution or recreation pressure. There are no European sites within the District that could be directly affected by the development of Gypsy and Traveller sites outside of the main settlements.
MM12	TIV3: Eastern Urban Extension	70	Amend criterion e) as follows:	Taken from Submission Document SD14. Included as a main modification in	<b>No change to HRA findings:</b> The proposed

Modification proposed to ensure the potential impact is appropriately and adequately assessed at the planning application stage. Amendment also reflects comments made by The Crown Estate and TH Real Estate c/o Montagu Evans (6234).	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or nature of development proposed at this site.
MM41	J27: Land at Junction 27 of the M5 Motorway Paragraph 3.184d	129	Include the following text at the end of the paragraph 3.184d:  <b><u>"Priority habitats exist within the site and in line with criterion c) of Policy J27 should be protected and enhanced."</u></b>	Amendment as agreed with Natural England (see Statement of Common Ground SCG-6 MDDC and Natural England)	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or nature of development proposed at this site.
MM42	SP2: Higher Town Sampford Peverell	146	Amend Policy SP2 as follows:  "A site of 6 hectares at Higher Town, Sampford Peverell is allocated for a low density residential development, <del>to come forward following the commencement of development of the M5 Junction 27 allocation,</del> subject to the following:"	In response to the Inspector's post hearings advice note:  "...Given that the Policy SP2 allocation is designed to address part of that overall housing requirement, the tie serves no purpose. Reference to it should be removed."	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or nature of development proposed at this site.
MM43	SP2: Higher Town, Sampford Peverell and paragraph 3.224c	146	Delete criterion b) and re-label the remaining criteria accordingly.  <del><b>b)No development until the completion of improved access works to the A361;</b></del>  Delete paragraph 3.224c of the supporting text.	In response to the Inspector's post hearings advice note:  "It was clear from the helpful submissions of the Highway Authority, that the limitation on development until the completion of improved access works to the A361 is	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or nature of development proposed at this site.

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
			<del>3.224c The Highway Authority has advised that any development of the site should only commence once improvements to the A361 junction at Sampford Peverell have been implemented to create west facing slip roads to enable direct access to and from the west. The site is required to meet additional housing need arising from the allocation at Junction 27 of the M5 motorway. Accordingly it shall only come forward following the commencement of development on that site.</del>	unnecessary. Criterion b) needs to be removed."	
MM44	SP2: Higher Town, Sampford Peverell	146	Include new criterion: <b><u>"Improved access to the village for pedestrians and cyclists"</u></b>	Taken from Submission Document SD14. Included as a main modification in accordance with the Inspector's post hearing advice note. Modification proposed to provide greater clarity in response to a number of representations from individuals and through agreement of inclusion of criterion by Devon County Council.	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or nature of development proposed at this site.
MM45	SP2: Higher Town, Sampford Peverell	146	Amend criterion g) as follows: <b>"2.5 hectares of Green Infrastructure laid out and managed with landscaping and open space."</b> <i>Modify the Policies Map as shown on Plan MM45.</i>	Taken from Submission Document SD14. Included as a main modification in accordance with the Inspector's post hearing advice note. The area of Green Infrastructure has been further extended to limit the impact of the setting of the listed building.	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or nature of development proposed at this site.
MM46	DM1: High Quality Design	153-	Insert additional criteria as follows:	In response to the Inspector's post hearings	<b>No change to HRA findings:</b> The proposed

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
	and new paragraph 4.5b	154	<p><b><u>“g) Adequate levels of daylight, sunlight and privacy to private amenity spaces and principal windows;</u></b></p> <p><b><u>h) Suitably sized rooms and overall floorspace which allows for adequate storage and movement within the building together as set out in the Nationally Described Space Standard with external spaces for recycling, refuse and cycle storage; and</u></b></p> <p><b><u>i) On sites of 10 houses or more the provision of 20% of dwellings built to Level 2 of Building Regulations Part M ‘access to and use of dwellings.’</u></b></p> <p>Insert additional supporting text as follows:</p> <p><b><u>“4.5b National policy states that planning should always seek to secure high quality design and a good standard of amenity for all existing and future occupants of land and buildings. This is particularly important for the design of the homes that people live in and the spaces that surround those homes. The aim in Mid Devon is to deliver high quality buildings and spaces that meet the needs of users, taking account of an aging population whilst ensuring compatibility with surrounding development and uses. Though compliance is delivered through buildings regulations, criterion i) will be implemented through a condition attached to the planning permission.”</u></b></p>	<p>advice note:</p> <p>“Criteria a) and c) [of DM12] seem to me to be more about design and might find a more comfortable home as part of Policy DM1. I take a similar view in relation to criterion b).”</p> <p>“the general size and configuration of a dwelling, and the proper handling of recycling, refuse and cycle storage, are design-based considerations and the reference to the Nationally Described Space Standard seems to be unnecessary.’ If these criteria are adjusted to make plain that they refer to the design of new housing, and relocated in Policy DM1, then that would be a more efficient way of dealing with the matter.”</p> <p>“I am not convinced that the requirement for 30% of houses on sites of 10 houses or more to be built to Level 2 of Building Regulations Part M has been made out. I believe 20, as a carry forward from the existing policy that refers to Lifetime Homes standards is reasonable but again, this requirement could be moved into Policy DM1.”</p> <p>Reference to the Nationally Described Space Standard is retained in the policy. This is since MDDC’s experience of applying minimum size standards for decision making purposes on development proposals requires that the Nationally Described Space Standards are explicit in local plan policy.</p>	<p>modification does not affect the overall scale or location of development proposed through the Local Plan Review.</p>

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
MM47	DM2: Renewable and Low Carbon Energy	154	Amend the third sentence in Policy DM2 as follows:  "Proposals must demonstrate that impacts are or can be made acceptable <b>in relation to: and that the development will preserve.</b> "	In response to the Inspector's post hearings advice note:  "I have some concerns about the wording of Policy DM2 because the first part seeks to avoid any significant adverse impacts, but the second part requires renewable and low carbon energy to preserve (which I take to mean cause no harm to) landscape character, the setting of heritage assets, living conditions, and so on. The former is the correct approach and the second part needs to be adjusted to remove the contradiction. This will require a MM."	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale or location of development proposed through the Local Plan Review.
MM48	DM7: Traveller Sites and paragraph 4.29	164-165	Amend Policy DM7 as follows:  <b>1) <u>Planning applications for Pitches and Plots</u></b>  Planning applications for gypsy and traveller pitches, or plots for travelling showpeople, will be permitted where: <del>a)The need cannot be met on another suitable site in Mid-Devon which has consent or is allocated for gypsy and traveller pitches;</del> <del>b)Local services can be accessed without the use of a car;</del> a) Suitable onsite facilities will be provided including space for children's play; b) The proposal will have suitable environmental quality for residents including non-isolating boundary	In response to the Inspector's post hearings advice note on the provision for Gypsies and Travellers.	<b>No change to HRA findings:</b> The proposed modification does not affect the overall scale of Gypsy and Traveller pitch provision through the Local Plan Review. The Council's preferred approach is to focus pitch provision within the larger housing proposals TIV1, CU1, CU7 and CRE5, which have been assessed separately as part of the HRA. While offsite provision may be made, any development of this nature would be very small-scale and so would not affect the conclusions of the HRA in terms of the impacts of increased air pollution or

No.	Policy/ Paragraph	Local Plan Page	Proposed Changes	Reason	Implications for HRA findings reported previously
			<p>treatments;</p> <p><b>c) <u>The site will not cause unacceptable landscape or ecological impact and is not located in an area at high risk of flooding;</u></b></p> <p><b>d) Occupation will be limited to those who meet the Government’s published definition of gypsies and travellers, including travelling showpeople <u>or their dependents; and</u></b></p> <p><b>e) <u>Safe and convenient access to local facilities is provided</u></b></p> <p><del>Where development proposals are considered under S13 “Villages”, local services can be accessed without the use of a car.</del></p> <p><del>Where development proposals are considered under S14, the need cannot be met on another suitable site in Mid Devon which has consent or is allocated for gypsy and traveller pitches.</del></p> <p>Sites with associated employment or storage elements <b>may will</b> be permitted where there is specific justification and the location, <b>scale, and nature</b> of the <b>proposed development</b> will not have harmful impacts on local amenity or the local environment. Gypsy and traveller accommodation may be included as part of the affordable housing requirement.</p>		<p>recreation pressure. There are no European sites within the District that could be directly affected by the development of Gypsy and Traveller sites outside of the main settlements.</p>

### Updated assessment of in-combination effects

- 1.28 A number of Mid Devon's neighbouring authorities were considered relevant for identifying potential in-combination effects as part of the original HRA for the Publication Draft Local Plan Review (March 2015). The in-combination effects assessment has been updated to reflect the most recent version of those neighbouring plans and the findings are set out below.

#### *Greater Exeter Strategic Plan*

- 1.29 Since the assessment of in-combination effects was previously carried out, work has commenced on the preparation of the Greater Exeter Strategic Plan (GESP) which will set out the overall spatial strategy and the level of housing and employment land to be provided up to 2040 within the Plan area, which covers East Devon, Exeter, Mid Devon and Teignbridge. As yet, no HRA work has been carried out in relation to the GESP.

#### *West Somerset and Taunton Deane*

- 1.30 The West Somerset Local Plan was adopted in November 2016.
- 1.31 Work has started on the preparation of a new Local Plan to cover the Somerset West and Taunton Area but no HRA work has yet been carried out.

#### *North Devon and Torridge*

- 1.32 The North Devon and Torridge Local Plan was adopted in October 2018.
- 1.33 The final HRA update document (November 2017) identified the potential for a cumulative effect with the Mid Devon Local Plan in relation to air quality impacts on the Culm Grasslands SAC and this issue was considered through an Appropriate Assessment. Following that stage of the HRA it was concluded that there would be no adverse effect on the integrity of the SAC as a direct result of the North Devon and Torridge Local Plan, either alone or in combination with other plans and programmes including the Mid Devon Local Plan. The HRA also concluded that there would be no adverse effects on the integrity of other European sites in and around North Devon and Torridge.

#### *West Devon*

- 1.34 The Plymouth and South West Devon Joint Local Plan was adopted by West Devon Borough Council in March 2019.
- 1.35 The Updated Habitats Regulations Assessment for the Local Plan (February 2018) concluded that the Joint Local Plan would not have adverse effects on the integrity of European sites, either alone or in combination with other plans or projects.

#### *Teignbridge*

- 1.36 No further updates to the Local Plan - no further in-combination effects to consider.

#### *East Devon*

- 1.37 The East Devon Local Plan was adopted in January 2016.
- 1.38 The submitted HRA report (dated November 2012) concluded that, with the identified mitigation in place, the Local Plan would not have adverse effects on the integrity of European sites either alone or in combination with other plans and projects.

#### *Exmoor National Park*

- 1.39 The Exmoor National Park Local Plan was adopted in July 2017.
- 1.40 The HRA Report for the Publication Draft Local Plan (May 2015) was updated by an HRA Addendum in December 2016 which considered Main Modifications. It was concluded that the Local Plan would not have adverse effects on the integrity of European sites either alone or in combination with other plans and projects.

#### *Dartmoor National Park*

- 1.41 Dartmoor National Park Authority is currently consulting on the Regulation 19 version of its Local Plan Review.

- 1.42 The HRA Report for the Local Plan Review (June 2019) concluded at the screening stage that adverse effects on the integrity of European sites outside of the National Park were not expected in relation to air quality changes, disturbance, changes to water quality or levels or habitat loss/fragmentation. However, there was uncertainty with regards to the potential for likely significant effects associated with air quality, disturbance and habitat loss or fragmentation on the three SACs located within the National Park boundary (Dartmoor, South Dartmoor Woods, and South Hams SACs). These issues were considered in more detail through an Appropriate Assessment and it was concluded that, taking into account the mitigation within the Local Plan, adverse effects on integrity could be ruled out in relation to air quality and habitat loss or fragmentation. In relation to recreation, while adverse effects on the integrity of European sites were ruled out in relation to effects arising from the Dartmoor National Park Local Plan Review alone, there was some uncertainty regarding the potential for in-combination effects on the Dartmoor, South Dartmoor Woods, and South Hams SACs from increased recreation pressure resulting from the growth planned outside the National Park boundary. However, those SACs are outside of the scope of the Mid Devon Local Plan Review HRA due to their distance from the District; and in-combination effects with the Mid Devon Local Plan are not therefore expected.

#### *Exeter City*

- 1.43 No further updates to the Local Plan - no further in-combination effects to consider.

#### *Devon Waste Plan*

- 1.44 The Devon Waste Plan was adopted in December 2014.
- 1.45 The final HRA Report (July 2014) concluded through a screening exercise that Appropriate Assessment was not required, as no likely significant effects on European sites were identified for any element of the Plan. In-combination effects with the Mid Devon Local Plan Review are therefore not expected.

#### *Devon Minerals Plan*

- 1.46 The Devon Mineral Plan was adopted in February 2017.
- 1.47 The final HRA Report (April 2016) for the Minerals Plan (and updated by the June 2016 screening document to address Main Modifications) concluded that the Minerals Plan would have no likely significant effects on European sites and therefore in-combination effects with the Mid Devon Local Plan Review are not expected.

#### *Devon and Torbay Local Transport Plan*

- 1.48 No further updates to the Local Transport Plan – no further in-combination effects to consider.

#### *Somerset Future Transport Plan*

- 1.49 No further updates to the Local Transport Plan – no further in-combination effects to consider.

## Conclusions

- 1.50 This HRA Addendum has assessed the Proposed Main Modifications to the submitted Mid Devon Local Plan Review. As shown in detail in **Table 2**, the Proposed Main Modifications have no implications for the conclusions reported previously in the HRA Report for the Publication Draft Local Plan (March 2015), and updated in the HRA Addendum (August 2016) and the J27 Appropriate Assessment Report (December 2016).
- 1.51 Therefore, the conclusions of the HRA for the Mid Devon Local Plan Review remain that the Local Plan Review (taking into account the Proposed Main Modifications) is not likely to have adverse effects on the integrity of European sites, either alone or in-combination with other plans or projects, providing that the mitigation set out in the Local Plan Review is implemented.

## Next Steps

- 1.52 This HRA Addendum will be available for consultation alongside the Proposed Main Modifications to the Local Plan Review.
- 1.53 Following the consultation on the Proposed Main Modifications and this HRA Addendum (as well as the separate Sustainability Appraisal Addendum), the Inspector will consider the representations raised and report on the modified Local Plan Review's soundness.
- 1.54 If the Local Plan Review is found to be 'sound', it can be formally adopted by Mid Devon District Council.
